HARRISBURG, Feb. 5.—Discontinuance of state championship and all post-season athletic contests, and of the practice of selecting "all-star" high school teams, were recommended here today before Pennsylvania school leaders assembled for the 41st annual convention of the state school directors association.

The recommendations were made by Dr. R. R. Abernethy, Harrisburg superintendent of schools, in an address before the convention. Pointing out a "wiser and surer outlook" in high school athletic programs had been noticed in the past 15 years, Dr. Abernethy went on record in favor of intramural sports.

Professional Trend

"In the administration of athletics for educational outcomes, championships and state tournaments are sharply condemned," he said. "The selection of 'all star' teams and the determination of state championships are the pro-

PA NEW OBSERVES

Because of the rain early Tuesday morning John Rung cut some of the ice from the lake at Lakewood in order to relieve the pressure. To his surprise he found the ice was 14 inches thick at the dam, which would make it between 24 and 26 inches thick over the rest of the lake. This is the heaviest layer of ice that has been on the lake at this season for nine years.

The Business and Professional Women's club has the largest membership of any civic club in New Castle, according to its latest bulletin. Ninety per cent of its membership voted in the fall election, Miss Edna Duff, chairman of its research committee, states.

The motor sputtered and died. The shoreline was a long way off, the sky was darkening and it began to look as if it would be a case of drift or swim. A welcome "red-sail in the sunset," arrived on the scene just in time to bring a happy ending after all.

Old City Police Court Room Is Abandoned In City Hall Changes

Transfer of city police court proceedings from the quarters formerly on the first floor of City Hall to the detectives bureau today proved unlucky for three of seven men arrested during the past 24 hours on a charge of drunkenness. Each of them was adjudged guilty and sentenced by Mayor Charles E. McGrath to serve 15 days in the county jail. Because the other four have not made it a practice to imbibe too freely for their own good, and do not appear often before His Honor on such a charge, they were discharged.

The new courtroom is to occupy

a rear office on the second floor of the City building annex. However, as remodeling has not yet been finished in this room, police court proceedings were held today in the detectives bureau, which also occupies quarters in the City building annex, beneath which is the garage for police cars and the cells in which male prisoners are incarcerated.

Name Frengel Head Of South Side Board Of Trade For Year

Assembling in the dining room of the Central Christian church, corner East Long and Pennsylvania avenues, Tuesday evening, members of the South Side Board of Trade held their annual banquet and election of officers. From every standpoint the occasion proved a success.

Following a delicious dinner, served by members of the Dorcas class of the Central Christian church, the group spent some time outlining plans for the year. Joseph Frengel was unanimously named as president, succeeding John Wajert. Mr. Frengel in a brief address, thanked the members for naming him as head of the organization and assured them cooperation to the fullest extent.

U. S. Delegates Ready To Quit Naval Parley

(Copyright, 1936, By International News Service)

LONDON, Feb. 5.—The American delegation to the London naval conference has been sickened by the complications of continental intrigue and would like to withdraw from the parley, International News Service learned today.

Only the troubled Far Eastern situation and the hope of an understanding with Great Britain are keeping the Americans in London.

The Americans are cool toward the British desire to have Germany and Russia join the naval talks fearing such a step would further submerge American naval needs under the waves of continental problems and difficulties.

Mercury Will Drop Tonight

(International News Service)

Although Pennsylvania "basked" in rising temperatures today, the mercury was due for another nosedive by tonight which will rival in severity yesterday's cold wave that swept across the state on the heels of a biting gale, according to the weather bureau.

From eight above zero this morning in Pittsburgh the mercury steadily rose to approximately 20 degrees early this afternoon, but the relief will be temporary, the weather bureau reported, with another zero spell expected tonight.

No snow was expected for the next 36 hours, and the weather bureau indicated that the mercury will duplicate today's antics tomorrow.

ONE BIG ERROR

(International News Service)

NEW YORK, Feb. 5.—Unless Governor Hoffman of New Jersey makes good his "promise" to save Bruno Richard Hauptmann from the electric chair the convicted murderer of the Lindbergh baby threatens to reveal "sensational" details of the executive's visit to the death house the night of Oct. 17, the Evening Journal declared today in a copyrighted story.

The newspaper story is based upon a "source inside the death house," visited with wife.

Continuing, the Journal declared that if Hauptmann is prevented from talking before he dies, his wife, Anna, will tell the story.

Hauptmann, it was said, has several times uttered this threat to other condemned men in the death house.

Behind this threat, the newspaper sets forth, lies the reason for Hoffman's backstairs visit to Mrs. Hauptmann in a Trenton hotel when she was awaiting word from the governor as to whether he would halt the scheduled execution on January 17. Shortly after the governor's talk with the condemned man's wife, the reprieve was ordered.

Politicians close to the governor, it was stated, have declared the executive considers his visit to the death house an "error."

By KINGSBURY SMITH

WASHINGTON, Feb. 5.—A new move on the part of the League of Nations to make the United States the scapegoat for failure of the European nations to impose an oil embargo against Italy was seen in authoritative quarters here today.

Geneva reports that the league oil embargo committee was planning to make imposition of that embargo conditional upon America's willingness to commit itself to apply an embargo was viewed as a deliberate move to shoulder this country with responsibility for failure of the league powers to impose the embargo.

The league powers, with the exception of Great Britain and a few others, were regarded as neither willing nor capable of imposing an effective oil embargo against Italy, irrespective of this government's position.

Two Ran Out On Plan

In this connection, it was recalled that when it appeared last October that this government might cooperate in an oil embargo, both France and Rumania quickly ran out on the proposal, France flatly refusing to participate at that time.

The issue is once again before the League of Nations and France, particularly, is believed to be desirous of seeking an avenue of escape.

Officials here fully expect that this country's refusal to commit itself will be the avenue of escape to which France resorts.

There are increasing indications here that congress will refuse to grant president Roosevelt power to

Possibility Of Party Split Worries Democrats

By WILLIAM S. NEAL
International News Service Staff

WASHINGTON, Feb. 5.—Facing the possibility of a party split over inflation, taxes and other issues, house leaders today planned to summon the Democratic steering committee into action.

Chairman Sabath (D) of Illinois of the committee announced it will be called into its first protracted meeting of the session today or tomorrow.

See Gathering Clouds.

While little legislation is being sought by the administration, house leaders saw gathering clouds of dissension in these issues:

1. Bonus payment and farm inflation fights.

2. Administering neutrality bill.

3. Demand for legislation by "anti-court bloc".

4. New tax legislation.

As plans were made for the committee session, Rep. Patman (D) of Texas called his own steering committee into a meeting to consider ways of forcing payment of the bonus in currency backed by treasury gold and silver.

Meantime, backers of the Frazier-Lenke \$3,000,000,000 farm mortgage inflation bill were striving to complete a petition so they can force the bill onto the house floor.

A possible split between bonus and farm inflation forces may ease the task of the house leaders.

Although Sabath is a member of the bonus inflation steering committee, he opposed the Frazier-Lenke bill.

Floods Developing In Southern States

BIRMINGHAM, Ala., Feb. 5.—The awful spectre of flood cast its menacing shadow over Dixie today as rain-swollen streams in Alabama, Georgia, Mississippi and North Carolina surged over their banks.

The raging streams have already taken at least four lives, left thousands homeless, and caused widespread destruction of property.

Added to the misery and suffering of those driven from their homes was the prospect of a cold wave riding in from the east in the wake of the downpour of rain.

NEW YORK, Feb. 5.—Brig. Gen. George W. Crile, Cleveland's famous surgeon, returned to the United States today aboard the Liner Majestic with one of the most remarkable big game hunting expeditions in history—one designed to prolong the life and increase the health of man.

He and his party of more than 30 set up a laboratory in the Rift valley in Africa, and after each kill the animal was dissected and all its glands carefully set aside for analysis.

More than 200 types of animals were killed, from a lowly field mouse caught in the laboratory on the day it was set up, to a gigantic elephant, as big, said Dr. Crile, as Barnum's famous Jumbo.

Dr. Crile spent several months in Africa on the expedition, with the result, he confidently intimated,

(International News Service)

PEKIN, Ill., Feb. 5.—National guard troops were poised at Peoria, 10 miles away, today, ready to establish martial law over this city of 17,000 at a moment's notice following failure of a conference last night to call off the general strike gripping the city.

Sheriff Ralph Goar requested Gov. Henry Horner to send troops yesterday, after one home had been bombed and another made the target of gunmen.

Instead of declaring martial law Gov. Horner ordered the guardsmen mobilized and dispatched his state director of labor, Martin P. Durkin, to attempt a settlement.

Meanwhile, business is paralyzed, with many shops closed and numerous services interrupted.

Militant London Retail Butchers Battle Strikers

(International News Service)

LONDON, Feb. 5.—Running the gauntlet of strike pickets in a midnight raid on storage houses, militant retail butchers today rescued London from a meatless week.

With 12,000 wage-earners in the great Smithfield wholesale meat market idle for the third day in a demand for higher wages, and with the meat supply of the metropolis running perilously low, the meat distributors organized an offensive on warehouses in the dockland area.

In the dead of night a convoy of lorries rumbled through the dark streets of Limehouse and Wapping, picked up loads of meat from cold storage depots, and sped to pre-arranged points throughout the suburbs.

There the retailers drew their supplies and carted them off to their shops.

Nature visited her wrath on most of the nation east of the Rocky Mountains today. An Arctic blast sweeping out of the frozen wastes of western Canada brought howling blizzards to the northwest.

Des Moines reported 18 below zero temperatures early today, and unofficial temperature readings in the minus thirties in northern Iowa. The mercury dropped to 12 below in Chicago today. Two deaths were attributed to the cold in Indiana as the mercury fell to three below, and sub-zero temperatures prevailed in the Dakotas, Minnesota, Nebraska, Wisconsin and Montana.

Four-Power Naval Conference Hears Rumors Of New Japanese Project

AIM TO EXCEED MIGHTIEST SHIPS

(International News Service)
LONDON, Feb. 5.—Japan is laying secret plans for a "surprise navy" that will include the biggest battleships in the world, the Daily Express said today as the four-power naval limitations conference ran into more troubled waters.

The Daily Express said information has been received by an European country "not a member of the naval conference" from its naval attaché in Tokyo that Japan will lay down battleships of 45,000 tons, armed with 16 or 18-inch guns.

Britain's Hood, 42,000 tons, with 15-inch guns, is now the world's mightiest.

Fast "pocket" battle cruisers of 15,000 tons mounting 9 or 11-inch guns, powerful flotilla leaders of about 2,400 tons to be used as commerce destroyers, and submarine cruisers of 3,000 tons armed with two 8-inch guns are also projected, the story said.

Your Income Tax In Brief

No. 9 EXEMPTIONS ALLOWED COUPLES MARRIED DURING TAXABLE YEAR

Taxpayers should note that under the Revenue Act of 1934 the credit for dependents as well as the personal exemption is required to be prorated where a change of status occurs during the taxable year and that these credits are allowable not only for the purpose of computing the normal tax, but also the surtax.

A fractional part of a month is to be disregarded unless it amounts to more than half a month, in which case it is considered a month.

For example, a single man and a single woman who were married on July 20, 1935, and were living together on the last day of the taxable year, may file a joint return. If they file their return or returns on the basis of the calendar year, they would be entitled to a personal exemption of \$2,200.34, which is seven-twelfths of \$1,000 for the husband while single, plus seven-twelfths of \$1,000 for the wife while single, plus five-twelfths of \$2,500 for the period

during which they were married. If separate returns are filed, each is entitled to a personal exemption of \$1,041.17, which is seven-twelfths of \$2,500. If during the year 1935 the husband or the wife had the status of the head of a family prior to their marriage he or she would be entitled to his or her pro rata share of the personal exemption of \$2,500 allowed the head of a family for the period prior to their marriage instead of merely that allowed a single person. However, for the period of their marriage any exemption to which either might be entitled as the head of a family would be merged in the joint personal exemption for that period. The joint personal exemption allowable in the case of a couple who were married and living together during the entire year may not exceed \$2,500.

If a child under 18 years of age and dependent on the parent for support reaches the age of 18 years during the taxable year, the credit of \$400 for a dependent is required to be prorated in the same manner as the personal exemption. For example, should the child's eighteenth birthday fall on June 30, the parent would be entitled to claim \$200 credit for the dependent child—that is, one-half of \$400. The same rule applies to other dependents where a change of status occurs during the taxable year.

OLD CITY POLICE COURT ROOM IS ABANDONED

(Continued From Page One)

that was used by former Judge W. D. Wallace in Lawrence county court. It was brought to the city courtroom, but yesterday was removed to council chambers and the desk which has been there for years will be the police court "bench" in the future.

The remodeling was decided upon for two reasons: first, more privacy in the conduct of police business, and second, more space is needed for clerks. The sergeant's room is occupied by Mrs. Minnie McKibben, police matron; Miss Marjorie Davies, record keeper; a state police teletype and a radio system. As the sergeant's office is practically an open room, all of the business transacted there can be heard by any person in the courtroom, where all people must go if they wish to converse with officers.

Hard for Curious
Shifting of the courtroom from the first to the second floor will have a dampening effect on persons who have for years made it almost a daily practice to attend court sessions so that their desire for curiosity could be appeased. The new room will have accommodations for practically only those concerned with the proceedings, and while all police court proceedings are open to the public, it is believed that the "fans" will decrease.

Mayor Charles E. McGrath has made it a practice since assuming office to protect young persons from running the gauntlet of eyes and ears of persons who have no other connection with the proceedings than to hear them. He does not believe that the woes of parents or the wrongs of boys and girls in their teens should be heard promiscuously if no acts of a serious nature have been committed.

That zero spell brought more thermometers into prominence than most other cold waves. Around downtown buildings can be seen more thermometers today than were noticeable for a long time.

New Castle's Community Forum, launched a short time ago by a group of citizens, seems to be "taking." Pa New understands a second will soon be announced. The public enjoys the frank discussions the "panel discussions" afford.

All the fuss the Boy Scouts are making this week has deep significance back of it—the 26th birthday of Scouting falls on Saturday, February 8. The community in general, schools, churches and clubs are joining in the celebration which will extend, in some instances through next week.

Pa New learns Sharon is launching a movement to beautify its principal downtown streets. That's a worthy movement for any city and one New Castle might keep in mind this spring.

At one time yesterday it was reported that as many as twenty automobiles were halted by the ice on the East Broad road.

One of the street light globes was blown from the top of its pole on the west side of the Diamond last night.

Pa New overheard a local coal dealer inform a prospective customer yesterday that he did not have any coal at the time, but he told him where he might be able to procure it. The recent cold snap resulted in a big spurt in operations at the mines in the Leesburg district, it is reported.

For the first time since the erection of the lights on the sides of the entrances to the post office, one of them was burned out last night.

An unfortunate motorist who parked his car too close to a street light at the cement plant had the misfortune of having a large sheet of ice fall and do considerable damage to his automobile.

Yesterday's odd scene on East Washington street: A young lady walking briskly down the street wearing a pair of ear muffs.

A New Castle youth picked a bad day to enjoy a bicycle ride yesterday. The boy was seen riding along East Washington street. The wheels of his bike caught in the slippery tracks and down went the boy. His clothes were a sight.

Young Pa New was told this morning that there is more ice piled up near curbs of Pollock avenue than on any other street on the South Side.

Last night marked the date of another successful banquet held by the thriving South Side Board of Trade. The event, which took place in the Central Christian church dining room, attracted an unusual number of business men of that district.

Weather conditions presented a quite a contrast during the last 24 hours. Starting out with spring-like weather yesterday morning, it turned colder rapidly, the mercury dropping 41 degrees in about 12 hours, an unusual condition.

Motorists, who have occasion to travel the side streets, are finding the going extremely rough. Machines cut through the soft snow which was piled up in the streets, and later froze, leaving great ruts and ridges.

Because of the fact that severe weather conditions have interrupted the usual construction and maintenance routine of the State Highway Department, the semi-monthly detour plan for the period ending February 6, 1936, will be in force until February 20, it was announced today by the Bureau of Publicity and Information of the highways department. No new work has been undertaken since the last bulletin was issued, it is announced.

The league, under France's prompting, is expected to jump at this opportunity to hold imposition of an oil embargo impracticable in view of any definite commitments from the United States.

Hope was expressed here that the American people would not be fooled by any such cry from Geneva. Officials privately reiterated the belief that if the United States actually was the only nation standing in the way of the effectiveness of league sanctions against Italy, this government probably would do something about it.

Attention was called to the fact that the League has been unable to obtain any commitments from Venezuela, an important source of oil supplies, and that the Argentine, Peru, Austria and Hungary have declined to participate in any sanctions against Italy, thus leaving a large loop-hole through which Italy could obtain supplies.

Announces Plans
He first announced he would file a list of Borah-for-President candidates for Ohio's eight delegates-at-large to the Republican convention. To do so, he must declare in writing that he is a candidate for the Republican nomination. This same declaration would entitle him to enter Borah-for-President candidates for the state's 44 district delegates.

Then Borah announced he would enter the state's preferential primary, held concurrently with the election of delegates. "If an other candidate cared to contest it," if only a "favorite son" enters the preferential primary, Borah said he saw no reason for entering his own name in it.

Under Ohio law, delegates are pledged to the candidate for whom they declare prior to the election. The preferential primary merely demonstrates the popularity of respective candidates and does not bind the delegates.

Funeral services were conducted at 2 o'clock Tuesday afternoon in the Offutt funeral home for the late Murrel Double of Ellwood City.

Rev. W. H. Armstrong of Falconer, N. Y., Evangelist Jesse Whitecotton of Anderson, Ind., and Rev. J. R. Swauger, pastor of the Wesleyan Methodist church of New Castle, were the clergymen in charge.

During the services Gus Leiberger and Mrs. William Leyhson sang several touching numbers.

Relatives served as pallbearers and interment was made in Graceland cemetery.

Mrs. Agnes I. Robinson

Mrs. Agnes I. Robinson, widow of Robert Robinson, died suddenly at the home of her daughter, Mrs. Joseph J. Priel, 223 Boyles avenue where she had been residing for some length of time.

Mrs. Robinson's husband had preceded her in death a year ago. Their home had been in McKees Rocks.

"Juvenile delinquency" was to be the subject of an address by Dr. J. Evans Scheeche, state secretary of welfare, while Dr. Lester K. Ade, state superintendent of public instruction, was to discuss "essentials of a good school system."

Delegates to the convention were to be received this evening at a reception by Gov. George H. Earle following the organization's annual banquet, at which the governor will speak. Convention sessions continue until tomorrow afternoon.

PRESIDENT MAY NOT OPEN UP TAX PROBLEM AT ONCE

(Continued From Page One)

would demand new taxes to pay the bonus has worried congress for over a week now. It has resulted in a counter-threat of inflation from certain congressional groups. Neither idea is welcome to the members who must stand for re-election in this campaign year. Their fears were aroused, however, when the president submitted a supplemental appropriation estimate of \$2,249,000,000 for the bonus.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rain' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks lunk.

Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c

Hearing Under Way On Mandamus Writ

Council Objects To Accepting McKibben Bond Because Of High Premium

Hearing on the writ of mandamus issued by City Treasurer C. C. McKibben against the mayor and council of New Castle to compel the defendants to take out a bond for the treasurer, is being held before Judge W. Walter Braham at court today.

When court convened city solicitor Robert White made a motion that the writ be quashed. After arguments by White and Alvah Shumaker and William McElwhee, Judge Braham refused to quash the writ.

City Clerk C. Edward Brown was the first witness placed on the stand and submitted city records and action of council with reference to the bond.

McKibben has offered a bond of the Eagle Indemnity in the sum of \$30,000 on which the premium is \$2,046 yearly. City council is willing to pay a reasonable amount for a bond, but has taken the position that the price asked for this bond is unreasonable.

One of the questions involved in the case is whether or not the approval of the bond, under the law, is a ministerial or a discretionary act on the part of council. If it is ministerial then council would have to approve, but if it is discretionary approval could be withheld. Council takes the position that it is discretionary.

The hearing was still in progress at noon.

Stray Dog Adopts Barn At Harlans

May Be Somebody's Missing Pet Is Belief Of Residents At Farm

From the Rock Springs district of the Slippery Rock creek came a tale today of what appears to be heartlessness upon the part of a dog owner who may not have wanted to buy a tag for his dog. Or it may be the story of a pet that strayed away from home and was lost.

At any rate this is the story. A

JUNIOR B. P. W. HEARS TALK ON "RUSSIA"

Junior Business and Professional Women's club members, and several guests, assembled at a prominent tavern Tuesday evening, for a dinner meeting, this occasion being featured with a most interesting talk on "Russia" given by Miss Wilda Brubaker, who traveled in that land last summer. Miss Brubaker, history instructor of Slippery Rock College, related many facts concerning Russia, which she observed while traveling there.

Miss Brubaker was introduced by Miss Geraldine McColland, chairman of International Relations, who had charge of the program. The speaker gave an interesting resume of her own impressions, the first being that of confusion noticed as soon as the party entered the Soviet. She described how they went through the customs when making the trip from Russia to Finland, and other countries. She spoke about the home life, cathedrals, auto conditions and many other interesting features of her trip.

During the short business period called by Lucille Emery, president, mention was made of plans for the Valentine party scheduled for February 14 at the Margaret Henry Home. Misses Gladie Biddle, chairman, Helen Brown and Helen Messner, compose the committee in charge.

Special guests of the club, included Jane Steen, Edith Cleaveland, Laura Ramsey, Jean Hoose Evelyn Brandt, Doris Updegraff, Marjorie Snyder and Helen Woods.

Much interest is being manifested for the initiation breakfast to be held by the Junior B. P. W. club on the morning of February 23, which is to take place at The Castle-ton. On February 24, the executive board will assemble with Mrs. Neil Sturdy and Catherine Anderson, hostesses.

"Pri-Do Nurses Club"

Officers of "Pri-Do Nurses Club" met in the New Castle hospital Monday evening and discussed plans for a card party to be held on Thursday, February 20, in the home of Miss Grace Morrissey.

HAPPY CELEBRATION OF GOLDEN WEDDING

Scores of friends and neighbors visited Mr. and Mrs. George H. Speed of 506 Sampson street, on Tuesday, February 4, when the well-known couple celebrated 50 years of married life. From early morning until late at night they trooped in, bearing good wishes, gifts, cakes, flowers and other remembrances for the happy occasion.

At noon, a family dinner was held with only the members of the immediate family present. Open house was observed all day, and in the evening a reception and party was held, which drew another large crowd.

For the day the house was decorated in gold tones, jonquils and Tailsman roses being used in the decoration. Several huge cakes were seen, all of them done in golden icing. It was a day to be remembered by the happy couple and the memory will last them until they celebrate their diamond jubilee 75 years hence.

From out of the city a number of people came, among them Mr. and Mrs. John Hassell and daughter Betty of Grove City, Otto Hassell, Mr. and Mrs. Edward Moon and son Kenneth, also of Grove City.

LUNCHEON FEATURES VALENTINE MOTIF

The luncheon meeting for members of the Tuesday Kensington, held in the home of Mrs. Daniel Kennedy, Blaine street, yesterday afternoon, took on a colorful setting when she entertained in the form of Valentine's party. Numerous red hearts and miniature cupid were used effectively throughout in all appointments. A most tempting menu was served, the hostess having as her aide, Mrs. J. Q. L. Roberts. A period of fancywork and chat concluded the afternoon.

Plans were completed for their next assemblage on February 18 with Mrs. N. L. Gardner, of Neshannock Boulevard.

O. E. A. Club

This evening in the home of Mrs. Walter Wald, on West Cherry street, the O. E. A. club will have a social time.

NEW IDEA CLUB HAS VALENTINE PARTY

In keeping with the season, a Valentine party was held for members of the New Idea club Tuesday evening, in the home of Esther McGowan, on Englewood avenue. The occasion took the form of a bridge, cards featuring the early hours, with Helen Clarke and Mrs. Earl Rogers capturing prizes. The latter shared as a special guest of the evening.

Upon being invited into the spacious dining room, the guests were given places about a table colorfully decorated with Valentines of all sizes and descriptions, that added much to the enjoyment of festivities. A dainty repast was served by the hostess, with Mrs. James Crawford, assisting. Novelty chocolate hearts, were favors received by each participant.

Mrs. O. Leonhardt invited the group to her residence at 911 Rose avenue, on the night of Tuesday, March 3.

A. B. D. GIRLS HEAR TALK ON PALESTINE

February meeting of the A. B. D. Girls Tuesday evening in the home of Mrs. John G. McMahon on North Mercer street was featured by a talk on Palestine by Mrs. J. Norman Martin.

At the usual business session under the direction of the president, Mrs. J. B. Foster, business of a routine nature was discussed. Devotionals were led by Mrs. Anna Wagner.

A social period was enjoyed afterwards, refreshments being served by Mrs. McMahon and assisting hostesses, Mrs. J. Myron Rice, Mrs. Anna Wagner and Miss Jess Wilson.

NEW OFFICERS OF S. OF D. ELECTED

Mrs. S. E. Hague was elected president of the S. of D. Girls Tuesday night at 8 o'clock when the organization met in the Central Presbyterian church parlors.

Mrs. Hague will have as her assisting officers during this coming year, the following: vice president, Mrs. George Roof; secretary, Mrs. Thomas Kennedy; treasurer, Mrs. Oscar Flack; recording secretary, Mrs. Lowry Wilson; and flower secretary, Mrs. Herman Decker.

Prayer was led by Mrs. Oscar Rhodes and the missionary topics were conducted by Mrs. Oliver McNeese and Mrs. Lowry Wilson.

Refreshments were served at the close by Mrs. Oscar Rhodes, Mrs. Paul Allen, Mrs. James Stillwagon and Mrs. Oscar Flack.

HELENA AUXILIARY TO HAVE LUNCHEON

Helena Auxiliary of the First Presbyterian church will have its annual luncheon on Friday at 1 p. m. in the Green room of the Y. W. C. A. Mrs. Robert N. McBurney is chairman of the committee in charge.

All reservations will be in by Thursday morning and it is believed that a large representation of the membership will participate in the event, for, after luncheon the annual election of new officers will take place.

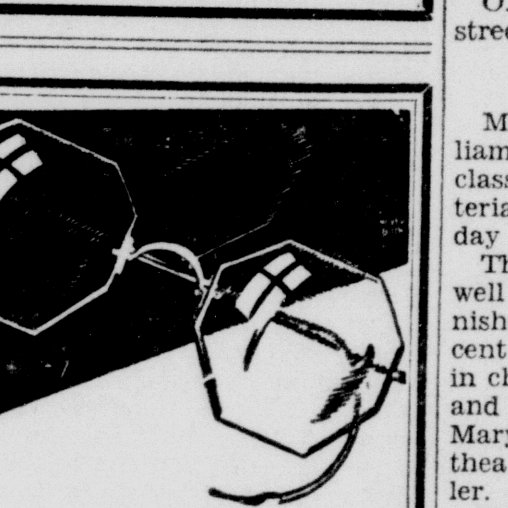

1935 Club
Mrs. T. H. Bighley received a coterie of friends to celebrate the 1935 club Monday evening in her home on Butler avenue. Usual diversions were amusements, and serving luncheon, the hostess had the aid of Mrs. Edward Millson. Mrs. T. E. McCreary asked the group to her home on Martin street on February 17.

CHILDREN'S PARTY FOR MARILYN WAGNER

Happy children numbering 15, gathered in the Hillcrest avenue home of Mr. and Mrs. Joseph E. Wagner, Saturday afternoon to celebrate the birthday of their daughter, little Marilyn Wagner, who was six years of age.

Between the hours of 2 to 5, the group composed of girls played a variety of games under the direction of Mrs. Fred Lenhardt, Miss Virginia Bowman and young Joe Wagner. Later, the children donned red and white paper caps and found their places for luncheon at small tables marked with Valentine favors. Appointments were all carried out in red and white, the kids thrilled with a dainty party menu to top off an enjoyable afternoon.

The cutting of the birthday cake, galley decorated, featured. Assisting Mrs. Wagner in serving were her sister, Miss Mildred Miller, Mrs. Lenhardt and Miss Bowman.

Happy birthday greetings were expressed by the guests to Marilyn in the form of lovely gifts.

CAMPAIGN CLUB HAS SUCCESSFUL PARTY

One of the loveliest parties ever held by members of the New Castle Hospital Campaign club was that held Monday evening, in Orr's hall on Grove street.

At 6:30, in the neighborhood of 46 guests sat down to a sumptuous menu served at a long table appointed in Valentine suggestions. The centerpiece was a basket made up entirely of Valentines, and the favors at the places, were heart-shaped lollipops peeping through a combination of white lace paper doilies and red cellophane, tied with dainty white ribbons.

Bingo occupied the leisure period that followed, the favors going to Mrs. E. L. Davenport, Mrs. Carl Leis, Mrs. Charles Schweikert, Miss Catherine Newman and Miss Adalaid Uhl. Husbands and friends were special guests.

The committee responsible for the successful affair included Mrs. E. L. Davenport, Mrs. A. F. Stritzinger, Mrs. Charles Schweikert and Mrs. Thomas McGuire.

MRS. HOYLAND HEADS PRIMITIVE M. E. CLASS

Replacing Mrs. I. W. Tate who retired as president of the Mothers' class of the Primitive M. E. church, in December, Mrs. E. E. Hoyland will lead the group as president this coming year, her election taking place Tuesday evening, at the February meeting in the home of Mrs. Jeanie Monahan, on Euclid avenue.

Other officers include Mrs. George Smith, first vice; Mrs. Harry Ashton, second vice; Mrs. Clara Bowman, secretary; Mrs. Richard Boughton, treasurer; Mrs. Mae Bowland pianist.

Following the business period, an enjoyable program was presented under the supervision of Mrs. George Smith who gave the first number, a reading. Another reading was contributed by Mrs. Henry Gibson; a duet by Mrs. Smith and Mrs. Joseph McKenzie, accompanied on the piano by Mrs. Bowland. A dialogue by Mrs. Bowland and Mrs. John Thompson was of further interest.

In concluding the meeting, lovely refreshments were served by Mrs. Morgan and her associate hostesses, Mrs. I. W. Tate and Mrs. Lee Davids. Valentine tones prevailed in appointments, with lacy missives as favors.

J. F. F. CLUB GIRLS AT DAGNON HOME

Bridge was the feature entered into by members of the J. F. F. club girls Tuesday evening, at the home of Mrs. Emmett Dagnon, Marshall avenue, hostess. Prizes were awarded to Ellen McGowan and Helen Brown at conclusion of play, while the galloping award fell to Mrs. Harold McCartney.

The affair took the form of a Valentine party, and all decorations were carried out in red hearts and cupid. The dining room table was most attractive in its setting that reminded one of St. Valentine's Day, where an appetizing lunch was served, so appropriate to chilly evenings. The hostess was assisted by her sister, Margaret McGowan, with the menu.

Following an informal period of conversation, they departed, agreeing to gather again on Tuesday, February 18 at the residence of Eleanor Rohrer, East Long avenue.

MIZPAH SOCIETY WITH MISS HAINER

Miss Elizabeth Hainer had as guests in her Edgewood avenue home Tuesday evening members of the Mizpah society of the First Presbyterian church for the society's February meeting.

A program of interest followed. Miss Hainer led devotions, Mrs. R. H. Kirkpatrick read a paper on Africa, and Mrs. Howard Magill discussed the Negro in America and gave a reading entitled "Lois, With the White Heart".

A special prayer was offered for the home and foreign missionaries. Mrs. Walter Conover, the president, read a letter from Mrs. Florence Cook of St. Paul, after which the members decided to meet in the church next Wednesday, February 12, for an all-day sewing to make supplies for a hospital in Siam.

During the informal social period a lovely repast was served by the hostess, her sister, Miss May Hainer, and Mrs. Jay Allsworth and Mrs. E. H. Kirkpatrick.

The time of the next meeting will be announced later.

"THE CHILDREN'S HOUR" IS REVIVED FOR JUNIORS

Deciding worthwhile and interesting was a review and reading of "The Children's Hour" by Mrs. A. B. Fankhauser for members of the Junior Reading circle which met in the home of Miss Eleanor Magill on Highland avenue Tuesday evening.

The attendance was good, considering the weather last night, and after the program a light luncheon was served by the hostess and her mother, Mrs. Robert Magill. Mrs. A. Pearson Furst, sponsor of the group, was present and invited the circle to her home on Rhodes Place for a bridge party on Tuesday, February 18.

This event, which will be given in honor of new members, will take the place of the next regular meeting.

JEWISH LADIES RELIEF MEETING ON TUESDAY

There was a good attendance of members of the Jewish Ladies Relief society, 28 or 30, at the meeting Tuesday evening in Tifereth Israel synagogue in spite of the fact that many people desired a cosy fireside instead of going out last night. Routine business was transacted as usual.

Mrs. M. Slaven was chairman of the meeting, being assisted by Mrs. Jacob Levine, Mrs. Harry Cohen, Mrs. William Cohen, Mrs. I. Myers and Mrs. A. Gonick.

On the first Tuesday of March, a Purim meeting will be held, the place to be determined.

Valentine Party

Next Tuesday evening, Feb. 11, there will be a Valentine card party in Trades Assembly hall, under the supervision of the Women's Union Label League, plans having been completed for the affair at a committee meeting Tuesday evening.

The affair will be for members and their friends, including other local unions. Bingo and 500 will be provided as chief diversions. The committee is headed by Josephine Kirk, assisted by Mrs. Frances Sheridan, Mrs. Florence Fulkerson, Mrs. Grace Ferrell and Mrs. Mary Patterson.

Loyal Band Class
Mrs. Edith Mooney, of 1008 William street, invited the Loyal Band class of the Third United Presbyterian church to her home on Tuesday evening.

The program of the evening, as well as the refreshments, was furnished by the losing team in a recent contest. Mrs. Thelma Lee was in charge in absence of the captain, and was assisted in serving by Mrs. Mary Lewis, Mrs. Enoch, Mrs. Althea Warnock and Mrs. Marie Bixler.

Devotions and the business meeting were conducted by Mrs. Irene McKibben.

Mrs. Anna Kildoo is teacher of the class. The next meeting, to be in the form of a banquet at the church, will bring the annual election of officers. The date will be announced later.

Tigers Auxiliary Meeting.
This evening the Tigers auxiliary, which is still active, will meet in their club rooms at 8 o'clock for an important session. Mrs. Anthony Recupio and Miss Rose Clotto will be hostesses in charge.

The auxiliary will hold regular meetings on the first and third Wednesdays of each month.

DESSERT-BRIDGE FOR AFTERNOON CLUB

A dessert-bridge was enjoyed by members of the Tuesday Bridge club women, held in the home of Mrs. B. I. French, Young street, yesterday afternoon. Attractive appointments in red and white combinations, suggesting the Valentine motif, were used in the table decorations.

The leisure hours that followed were devoted to card playing. Mrs. Ivan Holsinger and Mrs. Henry Russell captured the awards. Mrs. Frank Johnston who was a special guest, received a lovely gift from the hostess.

On February 18, Mrs. Henry Halle, of Park avenue will entertain.

B. W. R. Club.

Tuesday evening Mrs. Elizabeth Weisbaker and Mrs. Jane Campbell were associated in entertaining the B. W. R. club in the former's home on North Cedar street.

A period of games followed the business session, the club favor falling to Mrs. Ruth Patton, who was a visitor. Other prizes were awarded to Mrs. Mina McCombs, Mrs. Gladys Taylor Hackett and Mrs. Minnie Ellings.

The 15 guests were served a dainty

In two weeks, the group will meet in the home of Mrs. Fred Freese, on North Liberty street, with Mrs. W. R. Bolinger co-hostess.

COUNCIL CARD PARTY THIS EVENING EVENT

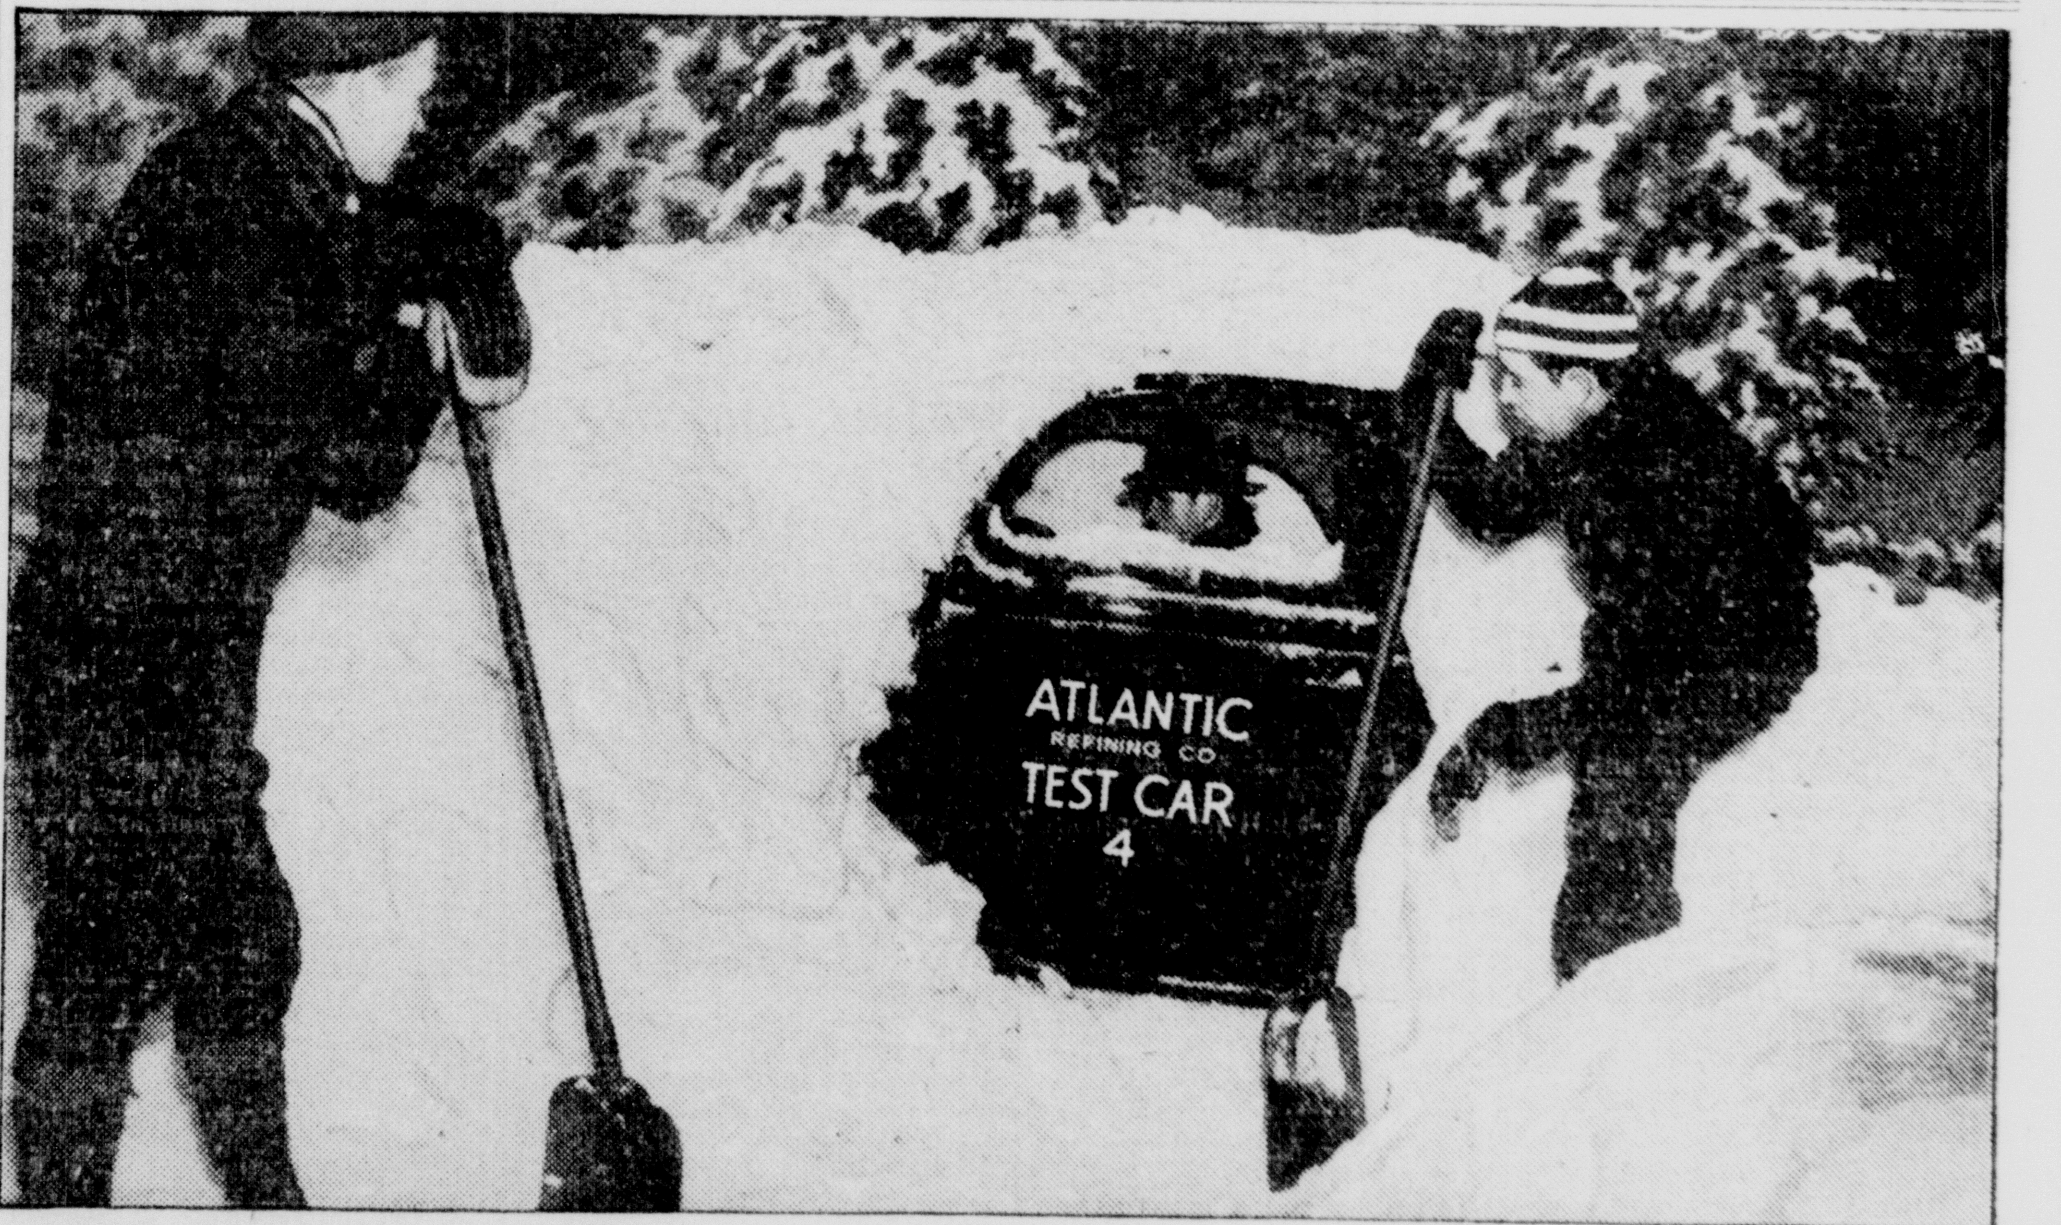

Among leading social events for today, is the annual card party which will be held this evening at 8:30, in the Cosmo club, on North Mercer street, under the auspices of the New Castle Section, National Council of Jewish Women. Indications point to a big crowd being present as these yearly events are always most enjoyable.

Mrs. Ted Marlin heads the committee in charge, assisted by the Council president, Mrs. William L. Cose, and several other members. Prizes will be given to the holders of high score at each table, and refreshments will be served.

Birthday Honored

Honoring the birthday of Mrs. Jessie E. Edgar, who resides with her son-in-law and daughter, Attorney and Mrs. R. M. Jamison, on Sheridan avenue, a small dinner was given Tuesday evening, in the home of her son and daughter-in-law, Mr. and Mrs. John A. Edgar, on Sheridan avenue. Evening hours were informal.

"SNOWED IN" AFTER TRAVELING 100,000 MILES, THIS CAR STARTS INSTANTLY IN THE FRIGID POCONOS!

Pocono Summit, Pa. (Special) — It takes more than being buried in snow to keep the six Toms River Test Cars from starting instantly . . . even though not a speck of carbon has yet been cleaned from any car, in a distance equivalent to ten years of normal driving! To test the quick-starting ability and new-car performance of the automobiles, winter-sports enthusiasts shoveled a path to Car No. 4, deep in Pocono Mountain snow and ice. A touch of the starter, and the cars snapped into instant action . . . thanks to quick-starting Atlantic White Flash, and Atlantic Motor Oil 20-W.

PORT OF MISSING MEN

It is interesting to learn that the Missing Persons Bureau of the New York Police Department has cleared up all but 101 of 449,287 reported disappearances since it began operations twenty-five years ago. The oldest unsolved case is that of Dorothy Arnold, who vanished in 1910, and her name is still on the books. This is, on the whole, a rather astonishing record.

William Black, the novelist, once pointed out how easy it is for persons to disappear. They simply sail to the port of missing men and are heard of no more. This is probably true in spite of the police records. Some the police never hear of, perhaps because there is no one to inquire about them. And there are plenty of cases in which the lost have been found years later, living under assumed names.

It is a fair assumption that the work of the Bureau is most effective where criminals are sought. Even in these cases the innocent by-stander can slip away into oblivion.

RETORT COURTEOUS

The Jackson, Miss., Daily News, Democratic as a matter of course, recently printed the following editorial comment:

"We don't care one hurray in Hades how they vote, for the Literary Digest poll is a fake anyhow."

"On the fourth of March, 1937, at the noon hour, on the front steps of the Capitol Building at Washington, Franklin D. Roosevelt will be inaugurated for his second term as President of the United States."

"That's as certain as sunrise tomorrow morning."

"The polite but deadly observation of the Literary Digest is: 'The editor of the Jackson Daily News has forgotten that neither Mr. Roosevelt nor any other man will be inaugurated on March 4, 1937. The inauguration will be on January 20.'"

LET 'EM EAT CAKE

It is a pretty sentiment that Mrs. Huey P. Long, now to take her dead husband's place in the United States Senate, won Huey's heart and hand through the medium of a prize-winning "bride-loaf cake" she baked.

It is to be hoped, however, that this story does not result in an orgy of cake-baking as the open sesame either to matrimony or political advancement.

It may be that Mrs. Long's loaf-cake made Huey, then a door-to-door salesman, think of wedding bells and the kitchen stove. But it is still true that many a woman can land her man without baking so much as a drop-cake, while many another could turn out angel food that would melt in his mouth, but would never lead him to the altar.

FORESTRY RECORDS

More than half a billion trees were planted in this country in 1935, to shatter three all-time records in reforestation.

Michigan, in third place a year ago, is the leader, while Wisconsin ranks second and New York third, says the Forestry News Digest. Most extensive of the single campaigns was the shelter-belt program, in which 5,700,000 trees were planted in a vast area stretching from the Dakotas to Texas. In addition, the Soil Conservation Service planted 89,250,000 trees. The work of the Civilian Conservation Corps was conspicuous in both projects.

This year forestry officials expect an even larger planting. It will take many years, they believe, to repair damages wrought by ruthless timbering of pioneer days. But already these men have achieved much in making the Nation forest-conscious. The 1935 planting figures are evidence enough of that.

WHY MORE FARM LAND?

Government policies are often difficult to understand, and one that is especially bewildering just now is that which pays farmers for keeping their land out of cultivation on the one hand, while on the other it spends hundreds of millions on reclamation projects to provide more land.

The inconsistency and absurdity of such a course was pointed out in a recent speech by James R. Howard, an Iowa farmer and former president of the American Farm Bureau Federation, who particularly referred to the Columbia River development, which he characterized as the biggest reclamation project the world has ever known, its avowed purpose being to bring 1,200,000 acres of desert land into cultivation, or four times the potential expansion of Boulder Dam.

He quotes the engineers as stating that the cost to the Federal Treasury to make these 1,200,000 acres tillable will be 390 million dollars, and adds: "Thus, while the Government is insisting that I reduce my production, it is taxing the nation \$350 per acre to bring these competing acres into cultivation. I am told that this is only one of some 75 reclamation projects financed by the Government."

The situation which Mr. Howard describes is something for every farmer and every taxpayer to think about. And every person in the United States who buys anything is a taxpayer, directly or indirectly.

A government policy which forces good land out of cultivation while paying enormous prices to provide additional farm land through reclamation simply does not make sense.—State Sentinel, Dover, Del.

Oh, what a tangled web we weave when first we practice to relieve!

Faint heart ne'er won fair lady and a faint bankroll is an even greater handicap.

Party Chiefs Frown on Added Taxes.—Headline. The taxpayers, of course, being delighted at the prospect.

In Turkey the ruler's decree is called an irade. Under our New Deal is the same word with a "u"—by radio.

Penologist says the death penalty does not discourage crime. Better devices, it seems, are ice cream, candy, parole and pardons.

Congress is debating ways and means of avoiding military conflict. A simple plan would be that of refusing to fight anywhere but on our own home grounds.

For newspapers 50 years from now to print: In 1936 Harry Hopkins, WPA administrator, approved an expenditure of \$145,000 of the taxpayers' money for improvements to the hall in Philadelphia where the 1936 Democratic convention was to meet.

Borrowing A Blimp.
Quoting The King, Shocking.
If A Dictator Comes.
By ARTHUR BRISBANE

DISCOURAGED by incompetence or misfortune that wrecked two dirigibles, this country decided that lighter-than-air machines are not necessary.

It was necessary to borrow a small, privately owned blimp to take food to 3,000 Tanager Islanders, cut off from relief by ice. No heavier-than-air plane could land there before the blimp, which landed easily.

GERMANS, who have been flying an old Zeppelin back and forth between Berlin and Brazil for two years, will fly over to show us the biggest airship in the world, new, carrying the German flag. The United States should be able to do what Germany can do.

ENGLAND and Russia were getting along nicely, and now the Russian envoy, Litvinoff, attending the late King's funeral commits the British unpardonable sin.

After talking with the new king, Litvinoff, instead of expressing admiration for the overwhelming royal intellect, remarks that the new King Edward Eighth was "just a mediocre young Englishman" and repeated what the young king had said to him, something "not done."

The Russian envoy reports that the English king asked him whether it was really necessary to have a revolution in Russia, and why it was necessary to murder the Russian czar and his family.

Litvinoff thought any intelligent king should have been able to answer those questions.

MR. NORMAN THOMAS, of the Socialist left wing, runs for president sometimes and says the "New Deal" is leading to Fascism, a dictator.

IT IS GOOD TO BE NEEDED
THERE IS NO greater blessing in life than to be greatly needed by someone.

You say to a fussy child: Will you help me with the string beans? Will you help me set the table? Will you hold this board while I drive a nail in it?—and that child will probably smile.

You say to that smiling child, I don't know what I'd EVER do without you, and the child grows before your watching eyes. Is happy, is proud . . . because that child has been told he is necessary in a parent's life, to a parent's joy.

A decent pride grows in the human spirit with the first awareness that it is needed, a pride that is strengthening and also humbling.

You ask what keeps a man going for years and years, though he is going neither fast nor far, though his duties are slight and his position obscure. It is the awareness within him that someone needs him. At home there are young ones, a woman who has quiet pride in him—and that gives him strength that is reinforced from day to day.

Once, when I was very young, I put a worm right on my tongue; I didn't like the taste a bit, and so I didn't swallow it!

But oh, it makes my mother squirm. Because she "thinks" I ate that worm!

Another test of will power is to walk alone and see a sign painter at work and keep walking.

Modern girls may not be food experts, but the most of them know their applesauce and bologna, their cigarettes.

One of our boys in the army sent this code to the Secret Service and said he got it from a German: Seegh seve ereh weiseme vah! Lah sehs se otreh nos leebnas Regnl freh nos gnires rohyer Ganned fryd ale nfiase esot sorye Rub Nabot es rohk eo card fry

The Secret Service puzzled over this for hours and could not get anywhere until one brighter than the others said: "The joke is on us all right, boys. You've got to hand it to that kid," and he showed that by the simple expedient of reading the "code" backward, the old nursery rhyme, "Ride a cock horse to Banbury Cross," etc., came out!

The owner of a pet shop in New York suggests that women start raising their own milk for fur coats. It only costs two cents a day to feed a pair of minks and it isn't long until you have a whole mink family, and you have fur enough for the coveted coat. That ought to beat raising cats.

NOT FAR OFF
"Curse it! Curse it!" hissed the villain, snatching at the girl's waist.

"No it ain't either!" she retorted. "It's a girle."

What worries most militaristic nations in their frantic effort to re-arm is the problem of what to manufacture first gas bombs or gas m.sks.

Old folks are worrying over the old age pensions which they were supposed to get, but haven't received. The soldier boys are worry-

ing over what to do with the money they're going to get. The Townsends are worrying over that \$200 per month, and the jobless are worrying over unemployment insurance. Life is just one darn worry after another.

This is an age of time saving machinery. But did you ever stop to think that there are no patent appliances to make your brain work any easier.

A woman was calling at a friend's house. She knocked at the front door, and a voice said: "Come in."

The woman tried the door, then called: "It's locked!"

"Come in just the same," said the voice.

"It's locked, I can't!"

At that point a woman put her head out of a window next door and said:

"There's no one at home. You're talking to the parrot."

Hints and Dints

Sun sets tonight 5:22. Sun rises tomorrow 7:05.

Maybe we can learn to love the weather man again, but after what he has done to us recently it's going to take a lot of coaxing. Seven consecutive days of zero weather are not to be easily forgotten.

That Harrisburg girl who ran away from home because she had "flunked" her Latin has our unadulterated sympathy. Latin may be alright in its place, but that place ought to be in the mind of a girl considerably over the age of thirteen.

We don't know what the joke-smiths are going to do since the supreme court decision on the AAA. Most everybody could make a joke out of plowing under crops and killing hogs, but why worry, the brain trusters are pretty sure to bring out some more tomfoolery that will keep the wise-crackers busy.

Office Boy (nervously): "Please, sir, I think you're wanted on the phone."

Employer: "You think! What's the good of thinking?"

"Well, sir, the voice at the other end said, 'Hello, is that you, you old idiot!'"

Another reason why the average man is average is because he would rather lose fifty dollars on a political bet than fifty cents through a hole in his pocket.

Once, when I was very young, I put a worm right on my tongue; I didn't like the taste a bit, and so I didn't swallow it!

Landon Leads Race.
Early Observers Predict.
State Elections Worry.

Central Press

Cleveland Bureau

1435 East 12th St.

By LESLIE EICHEL

Central Press Staff Writer

CLEVELAND, Feb. 5.—The pre-

siding sentiment in Republican

circles in this convention city is that

Governor Alfred M. Landon of

Kansas will gain the Republican

nomination for president. For one

thing, big money men are swing-

ing over to him rapidly. They are

the men who will have to pay for

the campaign.

The vice presidential nomination,

in the event Landon heads the

ticket, may fall to Representative

James W. Wadsworth of New York.

There you have a west and east,

dry and wet combination.

Some Ohioans are talking of Rep-

resentative Chester C. Bolton of

Cleveland for the vice presidential

nomination. But Bolton is too much

of a "blue stocking." He represents

the "blue stocking" district of

Cleveland, has many millions of dol-

lars of his own and is the man who

raised the money to bring the Repub-

lican convention to Cleveland.

He is distinctly Old Guard. So is

Wadsworth. But Wadsworth has a

great deal of popularity in upstate

New York. The upstate New York

vote may swing President Roose-

velt's home state over to the Re-

publicans.

ELECTION WORRIES

Senator William E. Borah is not

making a fight for state delegations.

He has decided to permit the Ohio

and Pennsylvania primaries to go by

default. He has informed local en-

thusiasts that the battle would cost

more money than he could raise.

He is willing to take a chance on

swaying uninstructed delegations,

once they are in the convention hall.

As a matter of fact, some of the

Republican aspirants are worried by

Borah's preference for re-election

in Idaho—and to have merely his

say regarding the platform and the

kind of candidate at Cleveland.

Senator L. J. Dickinson of Iowa

will have a difficult time pulling

marbles for renomination as senator,

much less winning a presidential

nomination at Cleveland. Even if

he should win renomination for

senator, the chances at present are

better than even that he would be

defeated for re-election. Dickinson

has been a critic of the Roosevelt

farm program.

Even Chester Bolton, the godfath-

er of the convention, will have a

stiff fight to be returned to con-

gress from his Cleveland district.

He voted against the bonus, as well

as virtually everything New Deal.

Bolton is the only Republican

congressman from Cleveland, the

other three being Democrats. But

Bolton's district has been staunchly

Republican.

POOR AL!

Governor Landon's middle-of-the-

road, no-promises speech is believed

by Republicans to have helped them

immensely.

Alfred E. Smith's Liberty league

dinner speech, however, probably

did considerable damage to Repub-

licans—unintentionally, of course.

All took in too much territory—

according to observers who have

been making a reappraisal. At at-

tacked, by inference if not directly,

labor, the farmers, and southern

beneficiaries.

His speech nearly caused a stamp-

ede among organized labor—to de-

clare itself for President Roosevelt.

And farm groups, not liking Al's

company and his innuendoes, came

over sharply to the president's de-

fense—because that is their own de-

fense.

DEEP IMPRINT

Longer working hours and a lower

hourly rate have made a deep im-

print on workers affected. This

has occurred since the NRA was

declared unconstitutional.

Observers are reporting that much

of the blame is being directed at the

Republicans—as representing "re-

action."

A trained nurse in Cleveland tells

a story that will suffice. Under the

NRA she worked eight hours a day.

Now she works 12.

"And it's terrible to go back to

the seven-to-seven schedule."

What are the workers saying?

This writer has heard dozens say

words to this effect:

"President Roosevelt tried his

best, but the Big Boys stopped him.

The Republicans will try to prove

that they are not the Big Boys, but

Federal Government Condemns More Land

(International News Service)
PITTSBURGH, Feb. 5.—Land condemnation proceedings were instituted by the federal government in federal court here today to convert 967.40 acres of land in Forest and Warren counties for use in regulation of navigable streams and tributaries.

Federal Judge F. P. Schoonmaker set April 1 for hearing of the proceedings.

The land consisted of the four following tracts:

The Hager brothers tract consisting of 772 acres in Jenks township, Forest county, two miles northeast of Marienville on the Salmon creek.

The Pinson, Uhrich and Shaw tract consisting of 110 acres in Pleasant township, Warren county, six miles southwest of Warren on Charley run.

The Malcomb and H. G. Dailey tract consisting of 64.20 acres in Pleasant township, Warren county, two miles southeast of Irvine on Leonhart run.

The Kinzua Valley Chemical company tract consisting of 21.20 acres in Corydon township, Warren county, three miles northeast of Kinzua on Sugar run.

The government instituted similar proceedings several months ago seeking to condemn several thousand acres in the same district.

HILLSVILLE

HONOR GIVEN TEACHER
Miss Ruth McClelland, a teacher in the Hillsville school, won high honor in the field of dramatics recently. Grange players from the entire state competed for awards in the Pennsylvania State Farm Show held at Harrisburg. Miss McClelland is one of the Westfield grangers. This group was placed second to Butler county representatives in the district championships, and third in the state finals. Individual honors went to Miss McClelland. She has been adjudged the best individual player of the state of Pennsylvania.

PASSION PLAY SHOWN
Through the efforts of Mrs. Wilbur Miller, principal of the Hillsville school, Mr. Jordan showed his pictures on the Passion play at Oberammergau to two very attentive groups of children in the school on Friday morning. The picture was much enjoyed by the pupils.

ENTERTAINS TEACHERS
The home of Miss Florence Mitchell, of New Castle, was the scene of one of the prettiest of the season's gatherings when she entertained the teachers of the Hillsville school. In a very prettily arranged dining room a sumptuous dinner was

served. The remainder of the evening was spent in playing bridge and bingo with prizes going to Mrs. Wilbur Miller, Misses Ruth McClelland and Gladys Brest.

W. H. M. S. TO MEET
The Woman's Home Missionary Society will hold its monthly meeting at the home of Mrs. Milo Paden on Thursday, with Mrs. Edwards and Mrs. Cracraft pouring coffee. Mrs. Jane Heasley will be program leader.

HOME GUARDS TO MEET
The Home Guards will meet Saturday, February 8, in the church with their patronesses, Mrs. Rowe and Mrs. Pepe, in charge.

BANQUET TO BE HELD
The Berean Bible class will hold its annual banquet in the church parlors on Friday evening at six o'clock. The banquet will take the place of the regular February meeting.

The following ladies met at the home of Mrs. Cracraft on Monday afternoon to plan the state affair: Mrs. Cracraft, Mrs. Shingledacker, Mrs. Heasley, Mrs. Martin, Mrs. Welker, Mrs. Pepe, Mrs. Book, Mrs. List, Mrs. Ash, Mrs. Paden.

QUEEN ESTHER MEETING
Miss Dorothy Pepe moved a gracious hostess when she entertained the members of the Queen Esther Society at her home here on Monday evening with Gladys

Johnston assisting. Following the business session, pleasant social evening was enjoyed. The serving of refreshments brought the evening to a close.

LEAVE FOR FLORIDA
Mr. and Mrs. F. O. Earnshaw, of Carbon, are planning to leave in the near future for Florida, where they expect to spend the remainder of the winter.

HILLSVILLE NOTES
Mr. and Mrs. R. F. Heasley spent Sunday visiting with relatives in New Castle.

Miss Joan Martin, of North Beaver, spent the week end with her grandparents here.

Mrs. William Emch, of Youngstown, spent Thursday visiting with relatives at Carbon.

Gilbert Navarra, of Mahoningtown, is spending a few days with his grandparents here.

Misses Ida and Pauline Steele of Carbon, spent Saturday visiting with friends in Youngstown, O.

Mr. and Mrs. Colburn and family, of Boston, Mass., are visitors in the home of the latter's parents at Carbon.

Mrs. Urban Masson, Mrs. Charles Hawes and Mrs. Paul Johnson, of Carbon, spent Wednesday visiting with friends in New Castle.

Misses Emma Paden and Florence McKee, students at Westminster College, spent their semester vacation at their homes here.

Miss Catherine Soldo, of Carbon, is recovering from an appendicitis operation which she underwent in the Jameson Memorial hospital.

Mrs. Calvin Smith and Mr. and Mrs. Walter Thompson, of Lowellville, O., spent Thursday as the guests of Mr. and Mrs. H. M. Murphy and family.

Mr. and Mrs. B. F. Bertrand and family, of Carbon, and Mrs. Jane Heasley attended the amateur program given in the Bessemer high school on Friday evening when Miss Annabelle Bertrand entertained with a tap dance.

BODY FOUND UNDER BRIDGE OFFERS MYSTERY
ROCHESTER, Pa., Feb. 5.—The body of Joseph J. Noid, Sr., 67, of Adams street, was found today along the Ohio river bank directly under the footpath of the Rochester-Monaca bridge.

Authorities have not determined whether he was hurled from the bridge when struck by an automobile or jumped to his death.

Second Ward Pays Big Share Of City Taxes

There is more taxable real estate in the Second Ward than any other ward in the city according to the valuation for the year 1936, compiled by Mrs. Jennie Sankey, chief clerk to the assessor. Personal assessments in the Second Ward are almost twice as high as in any other ward and another point brought out in the report is that the non-taxable property in the Second Ward is larger than any other ward.

The taxable real estate in the Second Ward amounts to \$16,532,879, personal assessments to \$816,420 and non-taxable property, \$2,390,090. The report for the other wards is as follows:

First Ward, taxable real estate, \$5,498,060; personal, \$220,470; non-taxable, \$2,018,620.

Third Ward, taxable real estate, \$4,136,470; personal, \$333,140; non-taxable, \$547,730.

Fourth Ward, taxable real estate, \$6,533,170; personal, \$462,540; non-taxable, \$1,615,120.

Fifth Ward, taxable real estate, \$2,471,650; personal, \$222,110; non-taxable property, \$440,000.

Sixth Ward, taxable real estate, \$2,320,010; personal, \$145,340; non-taxable property, \$133,520.

Seventh Ward, taxable real estate, \$4,519,710; personal, \$181,290; non-taxable, \$565,780.

Eighth Ward, taxable real estate, \$6,244,650; personal, \$194,560; non-taxable property, \$705,880.

Total valuation taxable real estate, \$48,256,570; personal, \$2,575,870; non-taxable property, \$8,416,820.

Finnish Church Brotherhood Is Organized Here

The Finnish people have taken part in the activities of the various Lutheran Brotherhood societies in New Castle, but have not until a few weeks ago had such a society of their own. A few weeks ago the men of the congregation met in the church parlors on South Ray street and decided to organize as a Lutheran Brotherhood.

John Soyring, Sr., was elected chairman of the society and E. William Lehto was elected secretary at this meeting. It was decided to hold the next meeting in the church parlors on the evening of February 10.

Seven Pass Test To Operate Auto

Seven persons passed the test held by the state highway patrol Tuesday in Sampson street and were given the privilege of a driving a motor vehicle in the state. They were the only persons who applied for an examination. The next examination day is next Tuesday.

The names of those who passed are as follows:

Paul E. Pormen, R. D. 2, Portersville.

Charles H. Hagadorn, 309 Newell avenue.

Steve Kraus, 919 North Liberty street.

Ross C. Geddes, 707 Hazel avenue, Ellwood City.

Former Pastor Of Finnish Lutheran Church Stops Here

Members of the Finnish Evangelical Lutheran church had the opportunity of again hearing one of their former pastors during the past week-end. Rev. E. Maattala of northern Michigan visited his former congregation enroute to Massachusetts on missionary interests.

A companion, Emmanuel Aho, lay preacher from Massachusetts was with Rev. Maattala. Both visitors preached in the Finnish church, South Ray street.

Rev. Maattala's visit was especially interesting because of the fact that while he was here in 1913-1919, he was instrumental in causing the present church to be constructed. Many of the older residents of New Castle, other than Finnish people, remember him.

A CLEAR COMPLEXION
Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women who suffered from constipation. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients, naming them Dr. Edwards' Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the bowels, causing a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, take one or two of Dr. Edwards' Olive Tablets at night for a week and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—now and then—to keep fit, 15c, 30c and 60c.

comes, some radicals will look back sadly to the good old days when you could speak your mind without being shot or put to work.

HERE, CRIME and vice rank with our great industries and "chain stores." Thomas E. Dewey, "special investigator of rackets," gathers in 77 managers of a New York vice "chain store" operating 200 disorderly houses, with from 1,000 to 2,000 inmates, collecting about \$12,000,000 a year.

The income of organized crime in the United States is greater than that of the government.

DO NOT gasp, hereafter, when you read about American halibuts "as big as hen's eggs." At Johannesburg, South Africa, nineteen natives are killed by halibuts as big as coconuts, and real halibuts.

UPWARD AIR currents that cause airplanes to "buck," force rain drops upward until they freeze and, gradually accumulating more moisture, grow bigger and bigger. Halibuts have been known to injure horses seriously and kill pigs, dogs and other smaller animals.

ONE MAN'S frostbite is another man's good news. New Jersey fruit growers say the extreme cold, freezing the ground two feet deep, will destroy orchard pests, including the gypsy and codling moths. The cold, which has not injured trees, is expected to discourage larvae of the Japanese beetle.

Some day scientists will show fruit farmers, including this writer, how to penetrate the earth by radio-activity, or otherwise, to the necessary depth and kill the hibernating pests. A remedy for borers would be welcome. Radio power should solve the insect problem.

GOV. HOFFMAN, convinced that Hauptmann had assistance in the kidnapping the Lindbergh baby, intends to find the assistant before

sending Hauptmann to the electric chair and closing the case.

A "man with a handkerchief" and a "woman in the case," are wanted. French detectives would look for her first. If she exists she would not be far away.

A GROUP of 13,000,000 sportsmen will unite to protect American "wild life," pleasing to the Angel Gabriel until he discovers that the 13,000,000 sportsmen protect wild life because they want the pleasure of shooting it.

Ely Opposes Renomination Of Roosevelt

Former Governor Of Massachusetts Leads Anti-Administration Democrats

(International News Service)
BOSTON, Feb. 5.—Former Governor Joseph B. Ely (D.) today led anti-administration Democrats of Massachusetts into the battle to block renomination of President Roosevelt.

Already on record as favoring an unpledged state of delegates to the national convention in Philadelphia, the former governor prepared to step more deeply into the battle tonight when he discusses "the case of Robinson vs. Smith" on the radio.

Sweet on Smith
He classes Alfred E. Smith with Thomas Jefferson and Andrew Jackson, terming the three men "great Democrats."

Meanwhile, in New Hampshire, John S. Hurley of Manchester, formerly a member of the attorney general's office staff in Washington, and a strong Roosevelt supporter in 1932, and Eaton D. Sargent of Nashua, led the fight in New Hampshire for an unpledged delegation.

Ely estimated "3000 odd" unpledged delegates would be necessary to wage a successful fight against the renomination of the President.

TRUE BLUE CIRCLE

The True Blue Circle met in the gymnasium at 8 p. m. Tuesday and enjoyed a period of basketball. At 9 o'clock it adjourned to the Green room for the regular club meeting.

Mary Saloki called the meeting to order and two new members, Miss Ruby Matetich and Miss Pauline Blazie were admitted at this time. Miss Dorothy Stewart, girls' club secretary, read several letters from secretaries of other industrial clubs. Miss Frances Sakowski was appointed chairman of organization. Her duties are to keep in touch with the area chairman of organization and report on all correspondence received. Miss Mary Giacomini was appointed chairman of the interracial committee to discuss the problems of the colored race.

The possibility of sending two representatives to the mid-winter industrial conference at Scranton on March 7 to 8 was left to be more

fully discussed at the next meeting.

A booklet, "Program Exchange," was introduced. The program chairman was asked to submit to the booklet any suggestions for programs. If accepted they will be printed.

Ann Frey suggested that the club have a treasury; the motion was carried and it was decided to build up the treasury by means of dues.

It was also decided to remain on the mailing list of national headquarters.

After announcement of the Valentine party on February 11 and the basketball game with St. Michael's on February 18, the meeting was adjourned.

GIRLS WILL ENROLL

Geraldine Getty, vice president of the senior high school Girl Reserve club, announced Tuesday that the club's meeting next Monday night at 7:30 o'clock in the Y. W. C. A. will be an enrollment meeting for new members.

Each girl desiring to join will be required to fill out a card at that time, pay dues and fill in their membership blanks.

SHENANGO HIGH CLUB

Shenango high school Girl Reserve heard an interesting address Tuesday on the subject "Health Applied to Charm and Personality Development" delivered by Dr. Mildred Rogers. They were told of the importance of proper diet, exercise, posture, cleanliness and cheerfulness in their every day life. The need for much rest was especially emphasized; the girls were told that they should retire each night at 10 o'clock in order to keep well and happy.

SENIOR HIGH CLUB

A Girl Reserve assembly was conducted at New Castle senior high school on Tuesday, to which all girls of the student body, interested in joining the club, were invited to attend. The purpose of the assembly was to acquaint all girls with the Girl Reserve movement.

President Peggy England told how the Girl Reserve activities are designed to develop self-expression and responsibility in the character of each member, an ability to face life squarely, and in the proper attitude.

Geraldine Getty, vice president, explained the symbol of the club—the triangle-circle. On the stage was a facsimile of the symbol, which had been made in blue and white by Sara Edwards, Miriam Clinefelter, chairman of the program committee, told of the various activities included on a semester Girl Reserve calendar. On the platform also were Janet Hartland, secretary of the club, and Ruth Shannon, treasurer.

Ladies Of Grand Army

George McCracken Circle No. 168, Ladies of the Grand Army, had a regular meeting Tuesday afternoon. The members enthusiastically accepted an invitation to attend a bingo party Thursday evening, February 13, at the home of Mrs. Rose Tripp, Highland avenue. The party is for friends of members also.

The next meeting will be in two weeks at Woodmen's hall.

Y. L. B. Plans Banquet

In their session rooms of the Third U. P. church members of the Y. L. B. class assembled Tuesday evening with Miss Minnie Howard opening activities with devotionals.

Mrs. Arthur Minick later took charge, and plans were formulated for a banquet to be held in March. This event will be featured with an election of officers. Other events of interest will form a part of the program also.

The remainder of the evening was turned over to Mrs. Ada Longacre, who introduced the Rev. and Mrs. Chester R. Yeates. The former gave an entertaining and informative talk before the assembly, and Mrs. Yeates favored with a group of readings. The serving of lunch was in charge of Section D associates, which closed the evening's activities.

On March 3 members will assemble in regular session at the church.

W. W. M. G. Class Meeting

The regular monthly business meeting of the W. W. M. G. class of the Third United Presbyterian church, was held Tuesday evening in the home of Miss Elma Badger on Adams street, who had as co-hostess, Mrs. Plummer Gibson. Many items of interest were given for the annual banquet to be held February 27. This promises to be one of their outstanding affairs of the season.

A social time ensued, with a variety of games holding the attention of everyone. These two, were in keeping with the Valentine idea. Several received prizes.

At a suitable hour, the hostesses served lunch, appointments being developed in tones of red and white. Their next meeting is scheduled for Tuesday, March 3.

Urge Abandoned Mines Be Sealed

Would Prevent Deaths By Escaping Carbon Dioxide Gas Fumes

(International News Service)
PATTON, Pa., Feb. 5.—Following a meeting of the Patton Board of Health, Assemblyman John Haluska, also burgess of Patton, today was to ask the state for a mine-sealing project to end the threat of carbon dioxide fumes from an abandoned mine here that victimized 20 persons recently.

Mrs. Stephen Muslevy, who was seriously ill before stricken by the gas, was reported still in danger. State Mine Inspector P. P. Nairn reported that the fumes were entering the four homes first affected through drain pipes, but asserted his department was without jurisdiction to remedy the situation other than offer advice.

He suggested that the families vacate their homes where large quantities of the fatal gas were entering.

Donelli Named As Assistant Coach For Duke Gridders

Former Freshman Coach Will Assist "Clipper" Smith With Varsity Team

(International News Service)
PITTSBURGH, Feb. 5.—Aldo (Buff) Donelli, freshmen football and basketball coach at Duquesne university and one of its greatest athletes, today held a one-year contract to assist Head Coach John P. Smith with the varsity Night Riders next year.

Donelli's promotion did not come as a surprise to local sports fans for it was forecast after Christy Flanagan announced that he would vacate his role as athletic director and head grid coach and Smith was moved up in his place.

Unanimous approval has been expressed by students and alumni of the new setup which, Duke authorities completed within a week after the old combination was broken up. Smith has become popular despite the fact he has been on the bluff less than a year. Donelli has been a prominent figure there since 1925 when he came there as a freshman.

Appearance of wild cats in the Fifehire district, where no such animal had been seen since the time when the kings of Scotland hunted in the forests, has caused a dispute in Scotland. Others seen in the Highlands disprove the theory that the species is becoming extinct. Some scientists declare that these animals are only domestic cats gone wild, but others assert that their size and ferocity does not support such a view. Gamekeepers say they are a menace.

Former Governor Smith Is 'Watchfully Waiting'

By JAMES L. KILGALLEN
International News Service Staff
Correspondent

NEW YORK, Feb. 5.—Former Governor Alfred E. Smith is adopting a "watchfully waiting" policy in national politics.

Smith feels that the political issues have come to a head too soon. He finds it advisable, it was learned today, to sit back and wait for President Roosevelt to answer his blistering American Liberty League speech before again presenting publicly his views on the problems and political issues confronting the country.

If President Roosevelt elects to refrain from replying to the Smith speech, the former governor will have nothing to say in the press or over the radio until the June political conventions draw near.

Smith is planning to leave soon for Palm Beach, Fla., with Mrs. Smith, for a two-weeks vacation. The trip has been held up by the illness of a friend, William Kenny.

"Poor Joe" Answer Only Comment

Except for his "Poor Joe" answer to Senator Joseph T. Robinson, defender of the Roosevelt administration, Smith has had nothing to say since his Liberty League speech. Smith has occupied his time attending to business and labor problems in his thirty-second floor office in the Empire State Building. The building was being picketed today by men carrying signs alleging that the Empire State Building is unfair to organized labor.

Smith believes that national political conventions should be held as late as September, instead of June. With the election coming off in November he thinks that the issues

could best be visualized and absorbed by the American public if the campaign was concentrated within about two months. As it is, the 1936 campaign discussions will stretch across ten months.

The former governor is of the opinion that the old-time swings across the country by presidential candidates are out of date, what with the radio and the press as fast means of communication with the public.

May Be Delegate

Whether Smith will go to the Democratic convention in Philadelphia as a delegate has not been decided. It can be stated accurately, however, that at this time Smith has no intention of being a candidate for anything.

Published reports that Smith would go to the convention as a delegate from his old district, the 11th congressional, were denied today. It was pointed out that this would be impossible as Smith now lives uptown on Fifth avenue.

If Smith wants to go to the convention, James J. Dooling, leader of Tammany hall, would gladly name him as a delegate. Smith would not have to become a candidate in the April primary. Neither would he have to put up a fight to become a delegate. It is possible Smith would decide he does not want to become a delegate on the ground he might not be able to "take" what would go on in the convention. His only alternative of course, would be to "take a walk."

Smith personally is marking time and saying nothing. His future course will depend entirely upon developments of the next two months or so.

Motor Funds Are Borrowed To Aid School Districts

State Officials Make Transfer
Of \$5,000,000 To Meet
Temporary Crisis

(International News Service)
HARRISBURG, Feb. 5.—To alleviate a temporary fiscal crisis that prevented distribution of February subsidies to fourth-class school districts, state officials today acted to borrow \$5,000,000 from the motor license fund.

Because of the financial stringency, the subsidies amounting to about \$6,700,000, falling due this month to 2,300 fourth-class schools, will not be paid. While officials described the crisis as temporary, they pointed out revenues during March and April from corporation and inheritance taxes would relieve the condition of the state treasury.

Decision to borrow the \$5,000,000 from the motor fund was made by Gov. George H. Earle following a discussion of the entire matter with fiscal officers of the state.

A total of \$6,000,000 in expected revenues, plus a balance of \$2,500,000 in the general fund, it was explained, would provide the commonwealth with \$8,500,000 in meeting obligations for the period estimated at more than \$19,000,000.

Wisp Of Color In Sun Has Caught Scientists' Eye

(International News Service)
CAMBRIDGE, Mass., Feb. 5.—A wisp of color in the sun's corona today beckoned to scientists who will follow it next spring to the ancient town of At-Nulak in the southern ranges of the Siberian Ural mountains.

The color may be evidence of a new element, unknown on earth and possibly only apparent during an eclipse of the sun.

Armed with the most highly specialized instruments, scientists of Harvard University and Massachusetts Institute of Technology will study the spectrum of the solar corona from the Russian town.

Second Semester Opens At College

Westminster College Students
Begin Second Half Of
School Year

(Special To The News)
NEW WILMINGTON, Feb. 5.—After a ten-day recess for examinations and re-scheduling, Westminster College opened today for second semester of the 1935-36 year with the additional of several courses to the curriculum.

Because of additional interest in secretarial courses, a new beginning course in typing will be added to supply a new business-world demand for college-trained secretaries.

Professor C. W. McKee, department of business administration, will add "Investment Management" and thesis work in "Business Policies." With increased interest in European affairs, Professor Leon Marshall, department of history, will add a course in the "French Revolution," put on the shelf several years ago.

With an increasing demand for German, after a slump during the World War period, a course in "Faust," taught by Dr. C. H. Taylor, department of Ancient Languages and German, will be added. "Comparative Government," a course designed to study the origins and development of types of government such as democracies, fascism, monarchies and communistic types, will be offered by Dr. Elmer B. Russell in the department of his-

tory. The course is an attempt to acquaint students with a background for the understanding of modern radicalism in government forms.

Other courses to be included are "Mathematics of Statics" in the mathematics department, and "Photographic Journalism" in the journalism department. Dean Alex C. Burr will probably teach a section of the beginning Bible course if increased enrollment makes necessary the addition.

Britain Not Participating

(International News Service)
LONDON, Feb. 5.—Britain at present is not participating in negotiations for settlement of the Italo-Ethiopian dispute, British Foreign Secretary Anthony Eden announced in the House of Commons as parliament reassembled for its first regular session in the reign of King Edward VIII.

Eden, whose predecessor, Sir Samuel Hoare, resigned under fire for his part in the defunct Hoare-Laval Ethiopian peace plan, made a formal statement before the house on the East African situation.

He announced the government would issue white papers covering the activities of various League of Nations committees concerned with study of imposition of oil and other additional sanctions against Italy.

Gala Dinner-Dance At New Wilmington Draws Region's Lions, Ladies

With New Castle's Lions club playing the role of host, members of Lions clubs from four other cities in the central Western Pennsylvania region, with their wives and sweethearts, took part last night in their annual regional dinner-dance at Wyatt's lodge in New Wilmington. A happy throng of 125 enjoyed the inter-club affair.

Attending with the New Castle Lions and their ladies were the Lions and their ladies from Beaver Falls, Butler, Farrell and Greenville. Other neighboring cities also were represented.

An annual observance, the regional get-together of last night surpassed other regional dinners by its all-around fellowship and fun. The men wore Valentine hearts to identify them.

The dinner was served shortly after 7 o'clock, and a program followed. Dancing and cards were the diversions during the later hours.

Regional Director Earl T. Ramsey, a New Castle Lion, was general chairman of arrangements and he presided as the toastmaster for the program.

A guest of honor was District Governor Herve C. Manon, Washington, Pa., head of Lionism in District 14-B.

Speaking to the audience during the after-dinner program, Governor Manon lauded the central Western Pennsylvania club for their many accomplishments of the past year and declared that it is to them that much of the credit goes for enabling District 14-B to stand third in net membership gain among all the districts of Lionism International for 1935.

The district governor was heard after a group of other speakers, including Numa F. Vidal, Jr., New Castle, had spoken.

The presidents of the five participating clubs sat at the speakers' table with Governor Manon and Regional Director Ramsey. All were introduced.

During the dinner hour Lion W. O. "Red" Williams directed the snappy pop singing with Daniel Heitger at the piano, Dr. A. H. Bor-

land, New Castle, conducted drawings for attractive door prizes for both the men and women.

A feature was the appearance of "Professor Snoodlez" in the person of Lion George L. Smith. He kept the crowd in an uproar.

Late in the program reports of the 1935 activities of the clubs were given by representatives of the groups, the presidents in four cases and a secretary in one.

Reports were made by President Frank B. Carothers, Beaver Falls; President Joseph J. Dockman, Farrell; President Roy C. Plaisted, Butler; President Clyde W. Peabody, Greenville; and Secretary Thomas I. Elliott, New Castle.

President and Mrs. William D. Cobau of the local organization were among the guests at the speakers' table.

Serving on the committee which assisted Regional Director Ramsey with arrangements last night were Lions E. D. Marvin, Harding Thayer, Dr. A. H. Borland, and Dr. T. J. Fletcher.

Election of a regional director for the coming year was dispensed with and the new district governor to be chosen at the Scranton state convention, June 1 and 2, will be asked to select his own.

Former Congressman J. Howard Swick, a Beaver Falls Lion, attended the dinner program with Mrs. Swick.

C. S. MacCalla Dies At Youngstown

Heart Attack Fatal To President Of Ohio Edison Company

YOUNGSTOWN, Feb. 5.—Clifford S. MacCalla, 59, vice president and division manager of the Ohio Edison Company, died last night at the north side unit of the Youngstown hospital. He was stricken with a heart attack Tuesday morning.

A native of Wallingford, Pa., Mr. MacCalla attended Lehigh University. He began his utility career as a trouble shooter for the Bell Telephone Company. Later he had worked for the Edison Electric Light Company, Coalburg Colliery Company, and in 1923 became associated with the Pennsylvania, Ohio Power & Light Company here, which later became part of Ohio Edison. He was president of Penn-Ohio at the time of the merger.

The late Mr. MacCalla up to 1931 was vice president and general manager of the Pennsylvania Power Company. He held this office prior to the moving of the general offices of the company to New Castle.

His work had carried him as far as Sydney, Australia. Widely known in the utility world, Mr. MacCalla had been president of the east central division of the National Electric Light Association and was a member of the American Institute of Electrical Engineers and the Bankers Club of America.

He had served as a director of the Youngstown Chamber of Commerce and was a member of many clubs here, including the Rotary, Youngstown Country Club, Youngstown Club and Torch Club.

Funeral services will be held at 2 p. m. Thursday at the King Funeral home. His body will be taken to Philadelphia for interment.

PAROLE IS ASKED BY "NUMBERS" MAN

George R. DiGarmo, who has been serving a sentence in jail on conspiracy charges in connection with the "numbers" cases, presented a petition to court this morning asking for parole. The petition stated that he had been in jail since December 27 and that he is needed to support his parents. Judge W. Walter Abraham fixed February 8th as a time for hearing on the petition.

Court Denies Plea Of Gangster; Must Pay His Penalty

Charles Zeid, Of Philadelphia, Sentenced To Die In Electric Chair

(International News Service) TRENTON, N. J., Feb. 5.—Charles Zeid, Philadelphia gangster and last surviving member of the Robert "Killer" Maim mob, today learned he must die in the electric chair for the slaying of William Feitz, a Camden detective who was shot to death in a raid on a disorderly house.

Denying Zeid's appeal for a commutation of the death penalty to life imprisonment, the New Jersey Court of Errors and Appeals ruled the evidence "fully justified the inescapable conclusion of the defendant's guilt beyond a reasonable doubt."

Since the murder of Feitz in September, 1934, four of Zeid's pals have been electrocuted. Maim and Walter Legenza were executed at Richmond, Va., for the murder of a bank guard which preceded their part in the kidnap-murder of William Weiss, Philadelphia underworld baron. For Weiss' slaying, Pennsylvania electrocuted Martin Farnham and Frank Wiley, Philadelphia brothers-in-law.

Both had expressed dissatisfaction with their college life.

Straus left a note in his Dartmouth College dormitory which read: "The demands of modern life are too much for me. I am going for a walk." He wrote another to an unidentified girl friend but the contents were not disclosed.

Railroads figured in both deaths. The headless and legless body of Straus was found between Boston and Maine railroad tracks at Thetford, Vt. The battered body of Groce was found in Connecticut river ice beneath a railroad bridge.

Reorganization Of W.P.A. Is Near

Administration Of District 14 Is To Be Revised In Near Future

See consolidations and reorganizations are indicated in the administrative and operative departments of the works project administration following some retrenchment orders from Washington. Just what form the reorganization will take is not announced yet, but will likely take the form of the consolidation of some departments.

In the budgets for the various districts the salary total for district 14 for administration is now placed at \$20,000 per month, somewhat below what it has been.

An additional annoyance at the present time is the fact that the inclement weather has cut into the projects in a drastic fashion. Thirty-eight per cent last time has been marked up for Lawrence county, which means that a number of projects under way cannot positively be finished within the budgetary limits.

Lawrence county's record is much higher than adjoining counties. Where Lawrence county has lost 35 per cent of its time due to weather, adjoining counties are down around 20 and 25 per cent.

Revival Meetings At Hoover Heights

Evangelist J. V. Krall Conducting Services Each Night

The revival meetings in the Christian and Missionary Alliance church at Hoover Heights have been growing steadily and many people have come to the altar seeking help from the Lord.

Three services of the meetings, conducted by Evangelist J. V. Krall, are proving that the day of the old-time revivals is not past. Rev. Krall is a preacher of the "old school" Wednesday night he will have for his sermon subject, "The Sureness, Suddenness and Secrecy of the Lord's Return". Thursday night he will speak on "The Path of the Destroyer", and Friday night on "What Is the Christian Home?" This Friday service will be known as "family night" and a beautiful remembrance will be presented to the largest family present.

Next Sunday the revival campaign will be drawn to a close. The subject at 10:45 a. m. will be: "The Chorus of the Spirit", and at 7:30 p. m., "The Facts, Flames and Forebodings of Hell". In the afternoon at 2:30 p. m. Mrs. Krall, wife of the evangelist, will tell much of her life story and her conversion.

Parent-Teacher Associations

EAST BROOK PROGRAM

An especially interesting program has been arranged by the East Brook P. T. A. for presentation in the East Brook high school at the regular meeting time, Thursday night at 8 o'clock.

Dr. Alex C. Burr of Westminster college will be the guest speaker. His subject will be "Choosing a Career".

There will be selections by a men's quartet and a presentation in the nature of a Founder's Day ceremony. Mrs. Arthur McCreary is in charge of the evening's arrangements.

Report Measure Repealing Acts

(International News Service) WASHINGTON, Feb. 5.—The house agriculture committee favorably reported today a measure repealing the Bankhead cotton, Kerr-Smith tobacco and Warren potato acts.

A similar measure was passed in the senate yesterday. President Roosevelt had asked congress to repeal these acts which depended on the invalidated AAA for their enforcement machinery.

Baking Company Plant Damaged

(International News Service) INDIANAPOLIS, Feb. 5.—An explosion wrecked the Taggart Baking Company plant here shortly before noon and injured an unknown number of employees, police were advised.

Fire immediately swept through the plant in the wake of the explosion.

Similarity In Mystery Deaths

Probe Deaths Of Two Young College Students In New England States

(International News Service) HANOVER, N. H., Feb. 5.—Parallel columns of strange coincidences rose today to cast shadows of mystery upon deaths of two New England college students, members of prominent New York families.

Pending further investigation, officials assumed that tragic accidents had blotted out the lives of Jerome N. Straus, 21, Dartmouth freshman, grandson of the late philanthropist, Nathan Straus, and Francis O. Groce, Amherst College freshman and member of a prominent Great Neck, L. I. family.

But investigators were faced with peculiarly similar circumstances as they sought to definitely label the deaths accident or suicide, or in one case, possibly murder. These were: Groce and Straus were classmates at Deerfield (Mass.) Academy.

Both had expressed dissatisfaction with their college life.

Straus left a note in his Dartmouth College dormitory which read: "The demands of modern life are too much for me. I am going for a walk." He wrote another to an unidentified girl friend but the contents were not disclosed.

Railroads figured in both deaths. The headless and legless body of Straus was found between Boston and Maine railroad tracks at Thetford, Vt. The battered body of Groce was found in Connecticut river ice beneath a railroad bridge.

Weather Causes Minor Accidents

Police Receive Numerous Reports Of Accidents On Icy Streets

Rain driven by a high wind and which later was turned into a coat of ice and snow-covered thoroughfares by freezing weather was held responsible today for automobile accidents in the city yesterday. Fortunately, however, no persons were seriously injured in the accidents, most of which resulted from skidding.

The accidents reported were as follows:

Cars of Julius Markley, South Mill street, and a "Mr. Ice" were in an accident at Stewart Place and Highland avenue at 12:30 a. m., February 4.

A car parked in Moravia street by John Galonski, R. D. 8, was hit by a machine with Pennsylvania license 990U4, at 3 p. m., February 4, according to Galonski's report.

Automobile of C. H. Cole, Galbreath avenue, and a truck which left a gasoline station, were in an accident at Washington and Shenandoah streets, at 10:35 a. m., February 4.

William Magdus, Youngstown, reported the bumpers of his car and a truck hooked in North Mill street between East Washington and North street at 11:30 a. m., February 4.

Gilbert McGaffie reported that the middle car of three preceding his machine stopped suddenly on Euclid avenue in Highland avenue, at 8 a. m., February 4.

Sam Audia, South Mill street, told his car and the auto of Merle Battle were operating in Highland avenue and his car skidded into Battle's machine at 3:45 p. m., February 4.

Augustine Samarrilla, East Division street, reported that his car and a truck driven by Felix Krause were in an accident at 3:30 p. m., February 4, at West Lutton and South Meru streets.

C. R. Cadman, D. 5, reported that a machine stopped in front of his car in Croton avenue at Ray street and his machine struck an automobile. The accident occurred at 8:30 a. m. today.

V. F. W. Members Will Be Aided With Bonus Form

Red Cross Office Will Be Kept Open Prior To Meeting This Evening For Vets

Members of the Veterans of Foreign Wars will be aided in making application for their bonus by Secretary Orville Potter of the Lawrence county chapter, American Red Cross, this evening.

Secretary Potter will have the Red Cross office open for an hour preceding the meeting of the Corporal Harry L. McBride post this evening for the accommodation of the members of the post who wish assistance in filing their applications.

Numbers Racket Disintegrating At Pittsburgh, Pa.

(International News Service) PITTSBURGH, Feb. 5.—Pittsburgh's "numbers" racket was disintegrating today under a combined assault by police and magistrates levying \$100 fines on writers and "pick-up" men.

Two of the biggest syndicates in the city put up the shutters last night, throwing an estimated 1900 racket men out of jobs.

Magistrates collected a total of \$1508 fines from 20 "numbers" men and police arrested 17 more, including several "big shots" in the past 24 hours.

The stiff fines were being meted out by the magistrates recently shifted to new posts where "numbers" arrests are more frequent by Mayor William N. McNair.

STEAL WHEEL AND TIRE FROM AUTO

Robert Coblent, 826 Morton street, reported to city police today that while his automobile was parked near the Cathedral in Lincoln avenue, someone stole a spare wheel and tire.

COLD AND FLOODS CAUSE SUFFERING IN MANY STATES

(Continued From Page One)

Increasing force in Michigan, where the worst conditions in years virtually paralyzed the state. Sub-zero temperatures and heavy snow took a toll of nine lives. At Detroit it was two below zero and at Grand Rapids the mercury plunged to four below. Schools were closed throughout the state as forecasters saw no relief for at least two days. Post cities were lashed by heavy gales and bus lines cancelled trips in the face of snow-blocked highways.

Minnesota was still in the grip of biting Arctic weather, while the mercury dipped from 24 below in St. Paul and Minneapolis to 30 to 45 below at other points. Warnings that the temperature in the twin cities may drop to 40 below were issued by the weather bureau.

Throughout the state trains were blocked and highways buried under snow following yesterday's blinding blizzard.

Bitter Cold In Chicago. Chicago was back in the throes of the bitter cold today with the mercury touching 13 below zero at 8 a. m. Highways to the north and west of the city were blocked while cold dealers admitted a shortage would develop should the Arctic cold continue several more days.

Indiana reported a toll of 60 lives as a result of the two weeks cold snap with two additional victims today. An Indianapolis newspaper temperature read three below at 7 a. m.

Moving eastward the storm became less severe. In Ohio the thermometer stood at two above in Cleveland and seven above at Columbus with a 25-mile wind whipping the Lake Erie district.

In New York more than 100 persons were treated at hospitals as a result of slipping on icy streets before a thaw set in. At 9:30 a. m. the mercury touched 22 above, but colder weather was expected tonight.

Wreck In Alabama

Five persons lost their lives as swollen rivers, burdened by heavy rains and intermittent freezing temperatures, flooded four Dixie states. Heavy property damage was reported while lines of communication were crippled.

A southern railway freight train, wrecked by a washout, plunged down a 125-foot hill at Selma, Ala., crushing two members of the crew to death. A mother and her son lost their lives when a dam burst in North Carolina and washed their home away. A 12-year-old boy was swept to his death when he ventured on mule back across a flooded road in Georgia.

Georgia, Tennessee, Alabama and Mississippi were hardest hit by the floods and diving temperatures.

Active Spring Trade Expected

(International News Service) PITTSBURGH, Feb. 5.—An active spring trade was presaged here today following the closing of the second semi-annual Pittsburgh merchandise mart which attracted 3,000 buyers from the tri-state district.

Sponsored by the Tri-State Commercial Travelers Association, the mart, displaying 1936 winter and representing lines by 200 manufacturers, gave signs of much confidence for the spring buying season.

Held For Writing Of Threat Letters

Alienists Will Examine Young Man For Writing To Roosevelt

(International News Service) NEW BRITAIN, Conn., Feb. 5.—Charged with writing two threatening letters to President Roosevelt, Ferdinand Drozd, 20, WPA relief worker, was to be taken to Hartford today for appearance before a U. S. commissioner.

When arrested Drozd wore a tin "bullet proof" vest and a .22 calibre pistol was found in his room, New Britain police said.

Later, his brother, William, 29, came to the police station and said Ferdinand wore the chest protector "because people were going around shooting poison darts at him to make him crazy, and I'm going to wear one too." He was held pending examination by alienists.

Carnegie Kin Reported Ill

(International News Service) PITTSBURGH, Feb. 5.—William C. Carnegie, eldest son of the late Thomas Carnegie and nephew of Andrew Carnegie, was critically ill from pneumonia at Jacksonville, Fla., it was learned here today.

In recent years Carnegie has divided his time between his summer home near Ligonier, Pa., and his two winter places in Florida.

PADS DAMAGED BY ACT OF VANDALISM

When one of two boys, chased off the rear of a truck yesterday, tossed a lighted cigarette into Harold Taylor's truck, the cigarette set on fire and damaged furniture pads, Taylor told police today. The act was committed in South street.

Physicians Will Appear In Court And Put Up Bonds

Two Prominent San Francisco Doctors Held For Part In Hewitt Case

(International News Service) SAN FRANCISCO, Feb. 5.—Two prominent San Francisco physicians named in criminal warrants emanating from the sensational Ann Cooper Hewitt sterilization case were expected to surrender today and post bail.

The physicians are Doctors Tilton E. Tillman and Samuel G. Boyd, whose arrest and that of Mrs. Maryon Cooper Hewitt, mother of the 21-year-old heiress, was ordered by Municipal Judge Sylvain Lazarus.

Complaints Signed. Sitting as a committing magistrate, Judge Lazarus issued the warrants following the signing of complaints by Police Inspector George Engler, who has headed the investigation of the heiress' charges her mother, the two physicians and Mrs. Mary Scally, city board of health psychiatrist, tricked her into a sterilization operation.

Mrs. Scally, while named as a co-defendant with the girl's mother and two physicians in a \$500,000 damage action in civil courts, was not mentioned in the criminal complaints which charge mayhem, a crime carrying a prison penalty of one to ten years.

Coal Companies Join In Fight

Seek To Escape Paying Of Sales Tax Required By Guffey Control Bill

(International News Service) PITTSBURGH, Feb. 5.—Sixteen more bituminous coal companies in Western Pennsylvania today had joined the Pittsburgh Terminal Coal Company in its fight to avoid payment of the sales tax required of code signers under the Guffey Act.

The companies, all conformers to the Guffey Act, raise the total of those who have joined the Pittsburgh company as party plaintiffs seeking relief from the tax to more than 60. Henceforth, they will pay the tax in escrow until final adjudication of the act.

The companies were: Retland Fuel Company, Cochran Coal; McKelven Coal; Ad Davidson; Creighton Fuel; Rankin, Velock and Schrot; Jamison Coal Corporation; Ellwood Coal Company; Poorman and Freeman; Kendall Coal; Charles B. Stuler, Harrison and Quinette Coal Company; Bowers Coal; South Union Coal; Jamison Coal and Coke, and Himes and Cross Coal Company.

Brother Of Movie Actor Is Fatally Injured By Fall

(International News Service) PITTSBURGH, Feb. 5.—Believed to have lost his balance, King Meighan, 41, a brother of Thomas Meighan, the motion picture actor, hurtled over a low banister down the well of a staircase four floors to his death in the marble entrance of a rooming house early today.

Mrs. Blanche Sampson, with whom Meighan roomed, said he had been ill and left the house against her advice last night. He leaves two brothers in addition to the actor. Death was attributed to a fractured skull.

Cash For Bonus Causes Headache

Congress Worrying Over
How To Get The Money
To Make Settlement

**MOST OF VETS
WILL CASH BONUS**

Central Press
Washington Bureau
1900 S street
By CHARLES F. STEWART
Central Press Staff Writer

WASHINGTON, Feb. 5.—Congress' mind was firmly made up not to increase taxation with election day so close ahead. Then President Roosevelt's demand struck them full force.

President Roosevelt's position on bonus payment, of course, was unassailable, being to the effect that the lawmakers must order immediate settlement with the veterans without providing money to do the paying.

The legislators did just that, anyway.

They were afraid of offending the ex-service men if they refused to vote immediate payment. They were afraid of offending the taxpayers if they voted higher taxes to pay the Legionnaires.

OPTIMISTS

The baby bond device was hit on in the hope that many of the veterans, up to half or more of them, will prefer to hold their bonds up to the date of their maturity, for the sake of the 3 per cent interest they will yield.

If the veterans see fit to do this, the treasury will not confront the early problem of producing \$2,237,000,000 out of nothingness. The baby bond advocates still reckon that Secretary Morgenthau will not have to dig up more than a trifling billion—until later.

But anyone who honestly thinks that most of the ex-service men will not be on hand for their cash the minute their bonds are cashable certainly is an optimist.

AGREE WITH PRESIDENT

As a matter of fact, no congressman does think so.

Some congressmen wish that they could, but know better; agree with President Roosevelt; would have upheld his veto, had they dared; voted to override it from sheer terror of the veterans, on primary and election dates.

Another type of congressman is a sincere believer in inflation.

This may be a natural frame of mind for a spokesman for an agricultural constituency. An established farmer has his own home; no rent to be advanced on him. If he is an all-around farmer, he sets his own table. He needs merely a primitive inexpensive wardrobe in the country. Inflation will make his machinery cost him more, but old machinery will last for quite awhile; that issue isn't urgent.

And if he is in debt, as generally he is, inflation enables him to meet his obligations with less of the stuff he produces.

TEMPORARY BENEFIT

The urban worker necessarily suffers from what temporarily profits the farmer.

Temporarily! The urban worker's income lags behind agricultural high prices, he loses his purchasing power and the farmer loses his market.

Agriculture can thrive at urban labor's expense for some time, without realizing that it is killing the golden goose, just as urban industry has thrived at agriculture's expense, without realizing that it was killing ITS golden goose with its protective tariffs.

WHAT FOR MONEY?

The treasury hasn't the money to meet bonus requirements. It will have to borrow it.

It will have to borrow only a pica-yunish couple of billions, as against 35 billions already accumulated.

How this debt is to be lifted is a puzzle to economists.

A veteran will get his money, in dollars—but what will his dollars and cents be worth?

HORSE SENSE

Slippery Rock, Pa.,
February 5, 1936.

Dear Editor:

F. D. R. says we don't want to go back to the horse and buggy days, but that we do need horse sense. That is true, but there was more real horse sense embedded in the hearts of our people years ago than there is now with government stamps placed upon them.

Just glance back a few years and see if that is not true.

Wasn't it horse sense when mother taught the girls how to bake, cook, etc.? When father taught the boys how to grind the axe and scythe and many other things? These are only a few of the things we are paying more tax for in order to have them taught in the public schools.

Wasn't it horse sense when we had a rural bank in the community we could borrow a few dollars from without waiting ten days to have the O. K. of the Federal Reserve Bank?

Wasn't it horse sense when we had a merchant who was willing to cooperate with his farmer patrons by a sound credit exchange?

Wasn't it horse sense when we elected to government office, men that would perform their duties and stand up for the constitution of the United States?

Wasn't it horse sense when government officials kept out of the farmer's business and when his farm was a growing asset and not a liability, which it now is?

We could go on down the line and find this has been the case in every line of business. If F. D. R. can show me where horse sense has been used in any way, through his whole alphabetical program for the past three years, I'm ready to acknowledge that I don't know what horse sense means.

Just take the AAA for example. Over \$88,000,000 work of farm products were imported by the U. S. through low tariff rates, while we had the American farmer plow under and destroy his crops. While a few farmers were benefited by this bluff, the majority were left to starve it through.

Just a short time ago I read an article in the paper where a doughnut manufacturer had purchased some 300,000 dozens of eggs from China. He stated the American eggs were too high in price. Bless his heart, he should be compelled to sell his doughnuts to the Chinese.

Would it not be more like horse sense to buy the products that Americans make their living producing, and only buy from the other countries what we cannot or do not produce here? Surely something like horse sense is needed to be practiced by our federal government when the government expenses are greater than the expense of clothing, feeding and housing the people of the entire nation.

It will not be many months until we will go to the polls to vote for a president. Surely we will not sacrifice our vote for a handful of promises, or a dream some political dreamer has dreamed about the return of prosperity, through giving the aged people a \$200-a-month pension. That would mean we would need another judge in Lawrence county to decide the divorce cases, for the young would be divorcing their present partners and marrying the aged in order that they might live in paradise on that \$200-a-month pension.

Wouldn't a loaf of bread look pretty tacky with 37 different sales taxes placed upon it?

That \$200-a-month dream reminds me of an oil dream, which I remember happened when I was a boy. I was accompanying my father to market in Ellwood City. We were driving along the Ellwood road near Wurttemberg when we noticed a drilling machine which was being operated in the side of a hill. We learned later in the day that some folks had dreamed that a pool of oil lay underneath that spot, which started excitement and resulted in a well being drilled. The result was that the dream proved to be like most dreams, only a fable.

We cannot restore prosperity to any nation or confidence among our sane thinking people by spending money foolishly.

We can only have confidence restored by placing men in our government offices whose character and economical record has been efficiently proven to us by his past record. I'm sure men of this type are still on the market.

Yours respectfully,
W. G. ENGLISH.

Scout Dinner Will Draw Large Crowd

Reservations Must Be Made By
Thursday At 4; Event
On Friday

Members of the Lawrence County council of the Boy Scouts must make their annual dinner reservations before Thursday afternoon at 4 o'clock, Scout Executive Chester H. Childs' office stressed today.

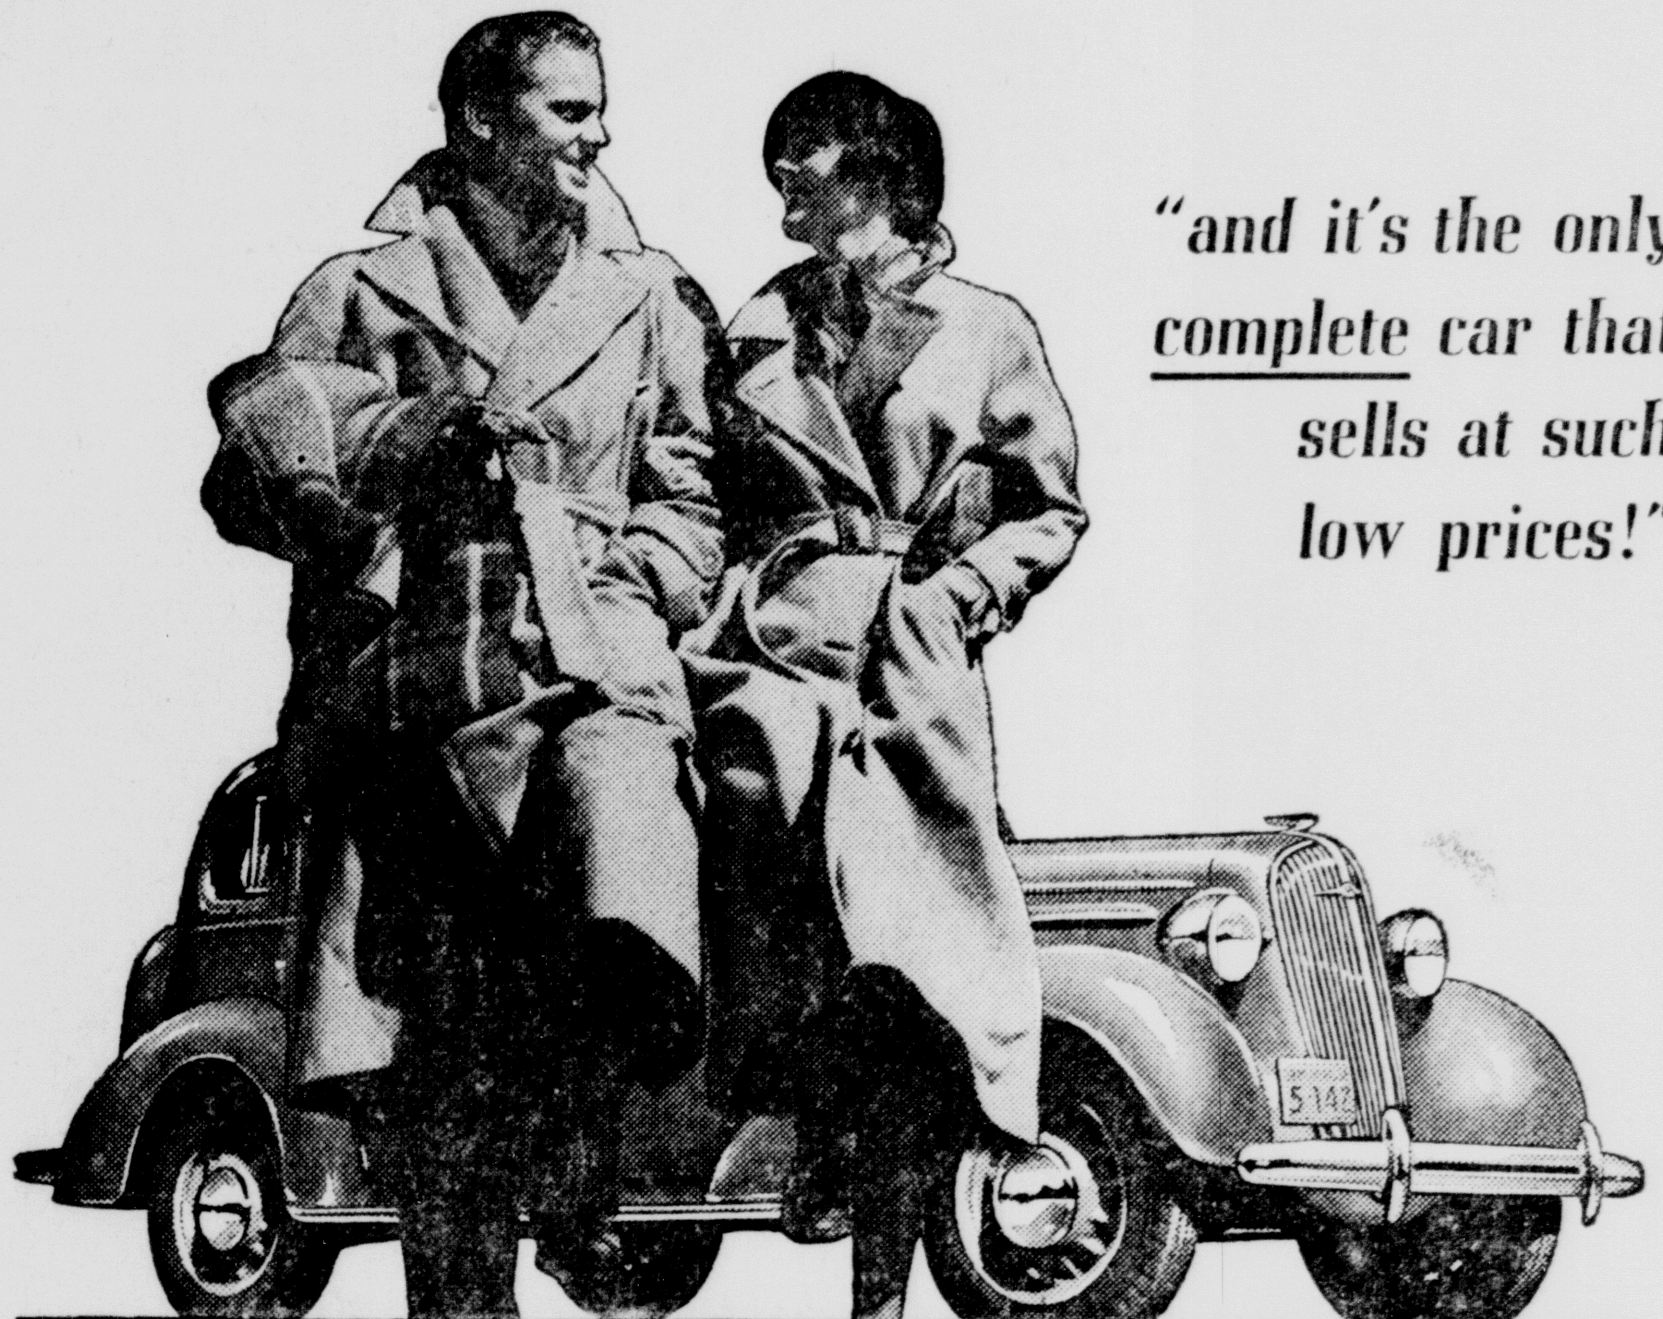

Indications were the dinner in the First Christian church on Friday evening, New Castle's formal recognition of scouting's 26th birthday, will attract a large crowd.

Speakers will be the superintendent of schools of Aliquippa and a Youngstown scout leader.

Tuna fish, salmon, summer sausages, and tinned meats such as corned beef, chicken, little sausages, etc., should be kept on hand if you keep open house, to be used for quickly prepared luncheons, suppers, etc.

The world's annual paper production is approximately 8,000,000 tons.

NEW CASTLE HIGH DEFEATS AMBRIDGE 25-20

Losing Streak Is Concluded

Revamped New Castle Team Impressive, Dutkin And Grommes Stars

AMBRIDGE LEADS PART OF GAME

Staging an uphill battle the New Castle High School "Red Hurricane" basketball team ended its losing streak at George Washington High floor last night by taking a 25 to 20 Section Three encounter over Ambridge High. Head Coach Phil Bridenbaugh started a revamped lineup of rookies and the boys looked good. The victory keeps New Castle in the sectional races mathematically.

Starts Rookies
In place of the regular forwards Carik and Mumford, Coach Bridenbaugh used "Blackie" Nocera and "Chinkie-Winkle" Dutkin and the latter came through with a fine game getting eight of the New Castle points. Nocera did not score, but aided nicely with his passing. Things did not look any rosier for the locals in the first period when Ambridge held a 6 to 2 lead. The New Castle team being held scoreless from the field. Grommes with a pair of fouls had the only points. Ambridge with six points made by Murshtet and Petkovich looked on the way to a league victory.

New Castle Leads
New Castle came to life in the second period and outscored the invaders 7 to 2 to take the lead at the half at 9 to 8. A field goal by Ziplowski was the only point allowed the Rubensteinians. On the other hand New Castle made seven points, two field goals by Dutkin, a field goal by Adams and a foul by Grommes.

Close Battle
The battle was nip and tuck in the final period with the score close at all times and with only five minutes of the game left the count was deadlocked at 20-20. New Castle forced ahead with Adams sinking a field goal from under the basket, and with Mumford caging one to make it 24 to 20, and then Grommes made a foul and the game was ended. Such a fine guarding game did Adams and Covelli play in the final period that the "Bridgers" were held scoreless from the field, but managed to get a lone foul.

Good At Fouls
There is no doubt that Coach Bridenbaugh will use this same lineup for the rest of the year. Adams and Covelli handled the guard jobs in fine style. Dutkin is a valuable man at forward and a scoring threat at all times. Grommes is the veteran on the team and keeps the boys working hard. In fouls New Castle had a decided edge making seven out of 12. Ambridge made two out of seven tries.

HERE AND THERE IN SPORTS' LAND

New wrinkle in trying to save game birds from death during the cold and snow season took place in the Ligonier valley yesterday when 500 pounds of corn on the cob and 200 pounds of scratch feed in sack were distributed by airplane. The corn on the cob was thrown out an ear or two at a time but the scratch feed was placed in half-pound sacks. Some members of the Lawrence County Sportsmen's association and Game Warden Frank Coen have been placing feed in different places for birds in this county. There should be more put out, according to the officials of the league, and anyone who wants to help keep game bird hunting good should communicate with President Andrew Dadds of the association.

Dodgers Unable To Swing Deals

Brooklyn Moguls Talk Trade All Day, Get Nothing, But Head-aches

PRIZE PACKAGES NOT MENTIONED

By DAVIS J. WALSH
International News Service Sports Editor.

NEW YORK, Feb. 5.—There are, on the solemn assurance of the Brooklyn club, three deals it was utterly unable to make at the meeting of the National League yesterday. For this reason, there were four players it was quite unable to obtain. Moreover, since this seems to be a garrulous and confiding moment, the Brooklyn club desires to state the identity of the four men who probably won't play for Brooklyn this year.

They are Charley Gelbert and Johnny Mize of the St. Louis Cardinals, Fred Frankhouse of the Boston Braves and Harry Danning of the New York Giants.

Many Offers.
Sam Leslie, first baseman, was offered back to the Giants, it seems, for Catcher Danning and cash. Jimmy Bucher and Joe Stripp, infielders, and cash were offered to St. Louis for Gelbert and Mize. As for Frankhouse, it appears that he was offered to Brooklyn for Pitcher Johnny Babich and Outfielder Gene Moore, obtained from Rochester.

All of this was vouchsafed by Brooklyn's new man of the business office, Johnny Gorman, who called up to confide in the press. He had three failures to announce and added that they were strictly for morning release. It may come under the head of "new business manager tells all," but at that the man has an idea. He's for telling you what he's trying to do, even if he never does it.

Think It Over.
The Giants told the Dodgers, he went on, that they'd think it over. The Dodgers also told the Braves they'd think it over, owing to a suspicion that the worst time to trade Moore is before they see him. Mr. Rickey of St. Louis likewise promised to consider matters at his leisure, a remark in which I personally would place no great faith.

However, he has always been drafted on Bucher, whom the Dodgers drifted away from his, Mr. Rickey's, Columbus farm.

In the meantime, this Mize, who is built upon the general lines of a freight car, seems to be looming large in the plans of various managers. Before leaving town last night, Jimmy Wilson of Philadelphia said the Giants could have his first baseman, Camilli, for \$25,000 if they arranged to get him Mize. But if the latter ever hits New York, it is improbable that he will be passed up to somebody else. Col. Terry is looking for some bright young man to play the eighth and ninth innings for him on hot afternoons in St. Louis and almost anybody will do, even a gent who looks like Fred Toney and had to go back from Cincinnati last year because of dubious ailments.

The rest of it was strictly conversation, enlightening and otherwise. In the former category was Bill McKechnie's statement about Boston.

Mt. Jackson Hi Defeats Union

County League Game At Mt. Jackson Floor Ends In 34 To 25 Score

Mt. Jackson high school basketball team made it two in a row over the Union township high basketballers last night at the Mt. Jackson high floor by taking a 34 to 25 Lawrence county high school basketball league battle. The Mt. Jacksons came from behind at the end of the first half to win the game.

The end of the first period found the Unionites out in front 9 to 8. At the end of the first half the Boydmen had increased their lead to 17 to 12. In the third period the pace began to tell on the Union and Mt. Jackson came through with 10 to 3 in the period to lead 22 to 20 as the third stanza ended.

In the fourth and final period the Spearman simply went "crazee" and barged in 12 points and held the Union to five points to make it 34 to 25 at the end of the game.

High scoring honors went to Macaluso of Mt. Jackson with 15 points and to Davies of Union with 14 points. McConnell and Snyder also played well for the Jacksons.

Poor At Fouls.
In the matter of fouls Union had 3 out of 10, and Mt. Jackson had 4 out of 9.

The Union high girls team remained undefeated last night at the Mt. Jackson floor with a 32 to 23 victory. The Union girls are on the way to the girls' championship this year.

The next game for the Union high boys will be a section 18 league game next Monday night that brings Slippery Rock high here.

Bethany Will Battle Titans

Game On Westminster Floor On Thursday Night To Provide Thrills

CARNEGIE TECH PLAYS SATURDAY

(Special To The News)

NEW WILMINGTON, Feb. 5.—Bethany College and Carnegie Tech basketball teams will journey to New Wilmington this week to meet the Titans before the Westminster courtment begin their second eastern invasion of the year.

The Titans have found little opposition this year in basketball circles except in two zones, Pittsburgh and the east. Twice the Titans were set back on their first eastern trip and twice in Pittsburgh, at the hands of Tech and Pitt. Saturday night's game with Tech will give the Titans a chance to even the count with the Titans.

After a smarting defeat, 51-21 on their own floor, the Bethany Bisons will probably not be so easy for the Titans. The playing floors of both schools are small and the Bisons will not be at any disadvantage playing on the Westminster floor. Tradition, however, is against visiting teams winning on the New Wilmington court, as only three teams in the past have accomplished the feat, Tech, Geneva and Bethany.

Bennett's 15-point average for all games played has dropped during the last two games against Youngstown and the Akron Goodyears, but the former Akron high star should come back for high scores against Bethany and Tech on the home court.

Fitz Wilson, the tall Tech center, who staged a one-man rally for Tech in the 37-30 defeat against Westminster early in the season, will probably not find the Titan guards napping as he did in the earlier game. Krivosh and Hunneke, Titan guards, have played the best basketball of the season in the past two games against Youngstown and the Goodyears.

The Thursday night Bethany-Westminster game is at 8:15 o'clock.

DRIVES SINGLE OVER WALL.
When a batter hits a home run over the fence, doesn't score and is credited with a single, it's one for the books.

Several years ago the Cardinals were playing the Phillies in the small park in Philadelphia. You know, the right field fence seems to be right in back of first base. The Cards were in the throes of a rally. Two men had leaped the bags, Eddie Ainsmith on second and Johnny Lavan on first. No outs.

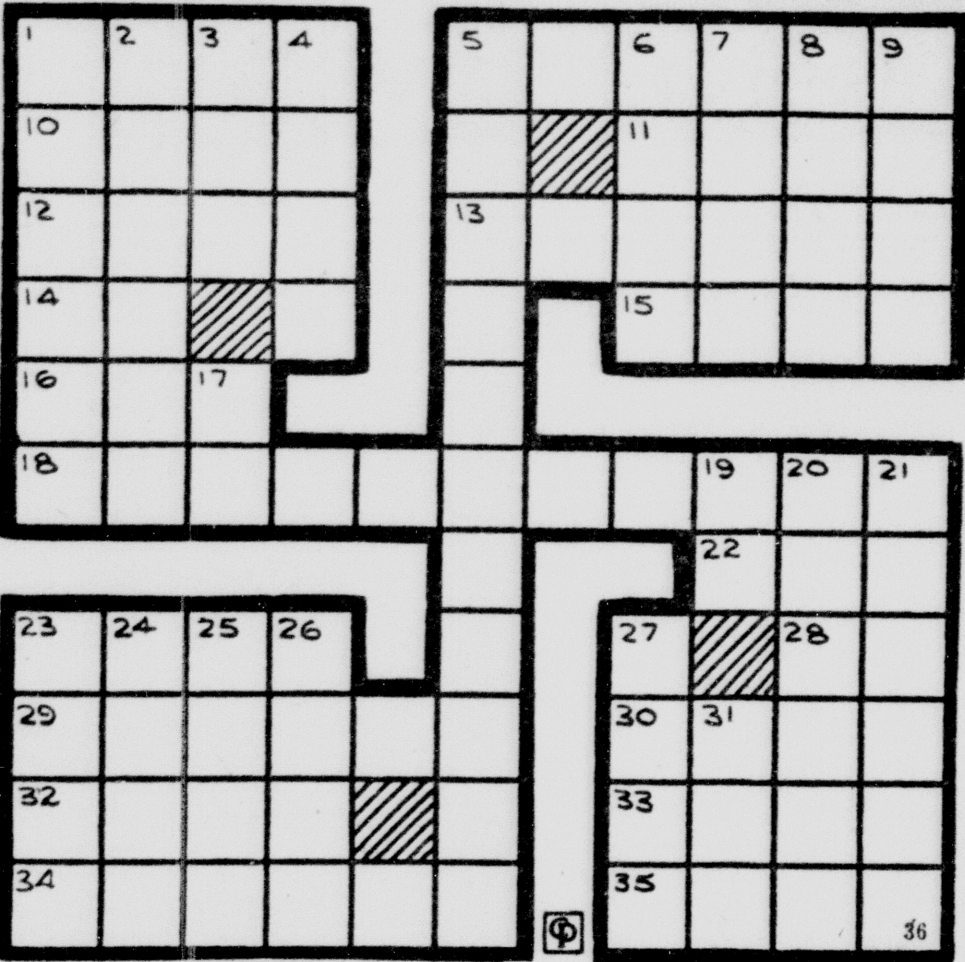

Branch Rickey, managing the Cards, thought it the proper time to toss in a left-handed batter and George Toporcer was called to the plate. Toporcer swung on the first pitch. The ball sailed over the infield.

Lavan on first and Ainsmith on second either thought the ball was foul or didn't think at all. They stood their ground.

Toporcer put his head down and dug for first. Meanwhile, the ball had sailed over the right field fence, a fair ball and apparent home run.

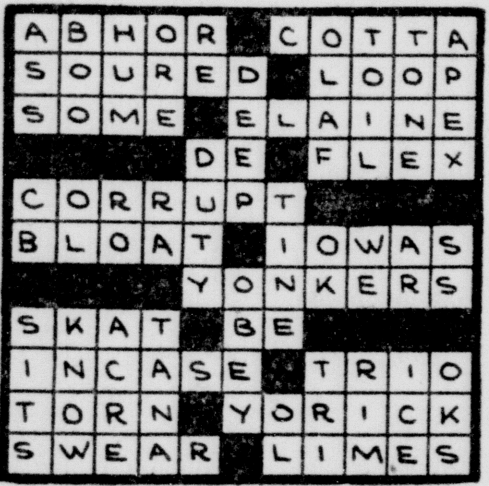

But Toporcer, rounding first, passed

Annual Show Will Take Place
In The Cathedral On April
21 To 25

This year's food show in The
Cathedral will take place on Tues-
day evening, April 21 to Saturday
night, April 25, it was announced to-
day by Manager J. W. Rupert.

These dates were selected at the
Tuesday's monthly meeting of the
Retail Grocers and Food Dealers of
Lawrence county, sponsors of the
event every year. The meeting place
in their headquarters, Neshausock
avenue. Judging by the enthusiasm
displayed at the meeting, this year's
show will be a bigger and better af-
fair.

To Head Parade On Lincoln Day

G. O. P. Procession Here To
Be Directed By Maj. J. Ed.
Boyle Of New Brighton

MAJ. J. ED. BOYLE

Leading parades is nothing new
for Major J. Ed. Boyle, of New
Brighton. As an officer in the
World War he led the 109th Machine
Gun Company into the Argonne
and came out with 14 souvenirs
of the German army in his body.

On February 12, Lincoln Day, he
will head another parade, that of
the Lincoln Club of Beaver County
from the East Side P. & L. E. yards
to the Cathedral. While the club
has a membership of over 1,000,
they will have but 200 in line, but
these 200 will be dressed in the
traditional silk hats, long black
coats and red, white and blue um-
brellas.

Moving out at 11:45, the parade
will march down Washington street
to the Public Square up Jefferson
to North street over North to Mill
and thence north to the Cathedral.

Dr. I. Rosenthal May Speak Here

Efforts are being made by Gordon
Stone and his program committee of
the local chapter of B'Nai B'Rith to
procure Dr. Isadore Rosenthal to
speak at the next meeting on Feb-
ruary 12. If successful this meet-
ing at the Cosmo club will be thrown
open to the public.

Dr. Rosenthal is from Lancaster,
Pa., and has been an ardent servant
of B'Nai B'Rith. He is an ordained
rabbi of the Hebrew Union college
in Cincinnati and has established
himself as a forceful and stimulat-
ing speaker.

Definite information as to his
coming will be available within the
next few days.

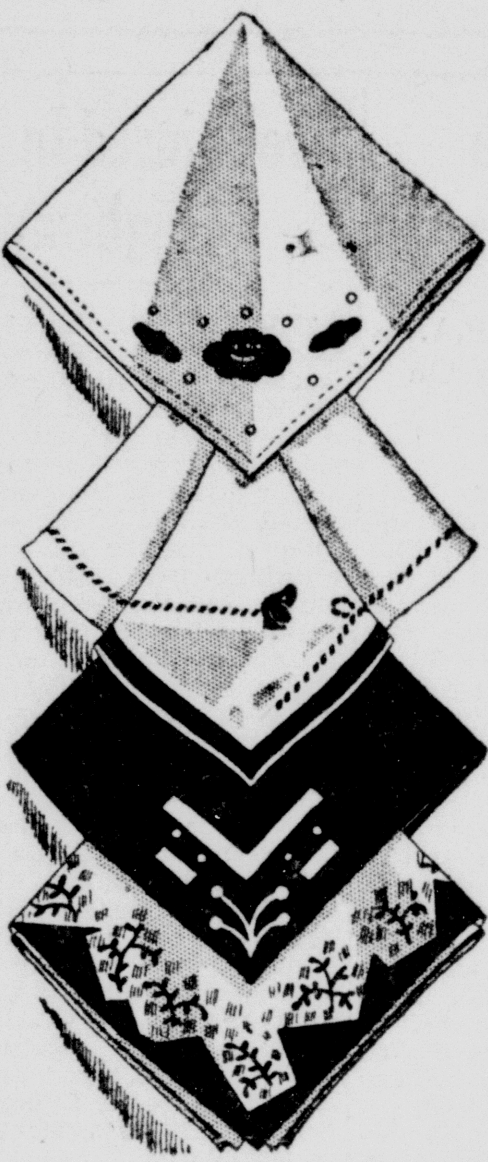

OHIO STUDENTS TO STUDY THE WEATHER

(International News Service)
CINCINNATI, O., Feb. 5.—Ap-
parently sensing the need for it
after the experience of the past ten
days, the University of Cincinnati
announces introduction of a course
in weather and climate as a part of
its second semester program.

The course will deal with funda-
mental principles necessary to un-
derstand climatic conditions and
weather variations, but will be non-
technical so far as is possible.

Hallowe'en is a relic of pagan
times. In England the influence of
Druidical ceremonies is evidenced
in the ancient Hallowe'en fires.

AROUND CITY HALL

Remodelling of the police court-
room got under way yesterday and
in the future police court will be
held on the second floor of the city
building annex. The space occupied
by the courtroom will be divided in-
to offices which will be separated
from the sergeant's office by a hall-
way. The object of the remodelling
is double, more room and privacy.

The desk used by former Judge
W. D. Wallace in Lawrence county
court and later sent to the city
courtroom and used by many
mayors over which thousands of
decisions have been made was trans-
ferred to council chambers. The
desk which has been used in council
chambers was taken to the new
courtroom.

Remodelling of the courtroom will
automatically put out of operation
the Radiator league. The said
league is formed of men who like to
sit in the warm police station and
spin tall stories at night. Included
on the rolls of the Radiator league
are some of the most prominent
men of the city and scarcely a
night has passed without some big
world problem being discussed pro
and con.

There have been times during the
past 20 years when members of the
Radiator league had to cease spin-
ning stories and aid police. More
than once volunteers have accom-
panied police when the department
was below quota or when the ser-
vices of citizens were needed in the
guardianship of law and order.
With the remodelling under way
the league must now find new
headquarters.

Council chambers has a new
hardwood floor. It will be oiled...
When the desk in the police court-
room was removed everybody looked
for but did not discover any pennies
or oddities... Sons of Veterans are
expected soon to relinquish holding
meetings on the third floor, city
hall... Cascade Park deed given
the city by the power company will
soon be discussed in city hall.

Patrolman Ray Richards, ill for
some time, is in a critical condition.

Sergeant M. J. Young and Patrol-
man Harry Plinner are ill and
Patrolman Robert Dukes is off duty
with a broken arm... A. C. Shoaff,
assessor for the city, has not yet
requested that an assistant assessor
be placed on the job... Recently
in speaking to council he said he
would assess the best he knew how.

Should a deep snow come along
it is probable that council would
employ some who owe delinquent
taxes to help clean cartways. Some
truck owners already have rented
pools and billiard rooms were sched-
uled to meet Mayor Charles E. Mc-
Grath late this afternoon when he
will inform them they must obey the
laws under which they operate.

Reports that the cruiser car sys-
tem of operation here will be
abandoned is said to be untrue...
With sickness, injury and death
having cut down the police quota,
the cruiser cars are kept rolling...
Stairway from City hall, first floor
landing is being cut into the treas-
ury and a door will connect the
mayor's private office, second floor
city hall, municipal building proper
with the detective bureau, second
floor, city building annex.

There is a report that when the
city equipment is stored in the
building formerly operated for mak-
ing wire nails the Toolhouse will be
offered for rent. One city hallite
said today some people would like
to have it for gasoline service sta-
tion. The Toolhouse is located in
North Croton avenue.

Pittsburgh Girl Found By Police

(International News Service)

PITTSBURGH, Feb. 5.—It took
the combined efforts of five scout
cars, a squad of detectives and East
End police to find her, but little
three-year-old Eileen Boyle today
was restored to her family.

Her father, Raymond J. Boyle,
left her in his automobile when he
parked it but forgot where he left
the machine. Patrolmen found the
curly-headed tot braving the stormy
weather on the ice-coated sidewalks.
She left the car and wandered away
for five blocks. Police also found
Boyle's car just where he parked it.
